THE ART OF INLAY

DESIGN: MAX CASPANI DESIGN

THE ART OF INLAY

Inlay is an antique type of decoration which consists in combining small pieces of wood, matching them until obtaining a particular drawing. The choice of wood, the accuracy of designs and of execution give to each piece of furniture elegance and personality.

We have pioneered in assembling together not only different types of wood but also other materials, such as motherpearl and metals, achieving an impressive and precious result.

We are very glad and honoured to show You our new creations which will give more prestige and elegance to our collections, and on which we will focus our engagements.

We are sure that these products, with their strong identity, can make Your emotions and deepest desires come true.

THE PROJECT

Serial or custom designs are followed by a unique staff in the world with a deep knowledge of both the machining techniques and the most precious finishes, chosen according to customer's needs. Every single product can be considered unique and unrepeatable, a work of art created by an exceptional team, man and nature.

THE PLACEMENT

Every smaller detail of the most complex design is meticulously positioned by the hands of our experienced craftsmen, who make every single product a unique masterpiece.

THE INLAY CUTTING

All the materials are cut according to tradition, both with artisan techniques and with modern technology, to achieve the best results. The quality and perfection of the cut are one of the characteristics of our inlays that can boast infinitely minimal tolerances.

THE CONTROL OF QUALITY

The inlay accuracy, the quality of the materials used and the care in positioning are continuously verified during all stages of processing to ensure in each project a high quality and an outstanding beauty product.

DREAMS COME TRUE

We design and create unique pieces of luxury Italian furniture exclusively even just for a single client. We furnish all your dreams, without limits, giving you the chance to developing together with you and your designers custom items. Creativity, innovation, commitment and passion are as always the ingredients of our work and our success.

OUR MASTERPIECES ARE THE ESSENCE OF A LIFESTYLE, OF AN EMOTION, OF A COLOUR, OF A TRIP, OF A DREAM.

Challenging time and trends, they will bring to Your houses an unchangeable touch of art, originality, history and fashion. It is an attention turned to our customer, who remains in the center of our company philosophy.

COLLECTION

DESIGN: MAX CASPANI DESIGN

The old Italian school of inlay is back to life with "INTO THE WILD", the new collection of Caspani Tino, inspired by ancient traditions, enriching them with new eclectic elements and new colours completely unknown in the traditional inlay. Caspani inlays, using the most ancient and valuable techniques, are very near to the chromatic and figurative structures of modern art. Decorative figures are inspired by the colours of graphic design and Pop Art, the immediacy of the tract from Impressionism, revealing features of Liberty and Deco styles. All in the name of maximum contamination. Into the Wild offers not only decorative items, but unique and unrepeatable works of art which will become heritage of future generations. All products Into the Wild are marked by the designer's signature.
