**public

MANIFESTO

cinquanta3 nasce per rispondere alle tendenze ed esigenze del vivere contemporaneo che invita a ricercare soluzioni funzionali e flessibili, capaci di organizzare e contenere, definire e interpretare gli spazi del quotidiano. Un nuovo sistema d'arredo dove la massima libertà compositiva è garantita da un'ampia modularità e da tonalità neutre, e la personalizzazione degli ambienti si esprime nell'ampia gamma di accessori e nella versatilità dei prodotti.

In **public spaces** gli elementi d'arredo danno forma ai diversi ambienti dedicati al lavoro e al tempo libero, disegnano aree destinate all'operatività e alla creatività, all'interazione e alla collaborazione.

cinquanta3 was conceived to meet the trends and requirements of contemporary lifestyles that need functional, flexible solutions able to organise and contain, define and interpret everyday spaces. This is a new furnishing system that offers utmost freedom of arrangement thanks to the many module sizes and neutral shades available. Living spaces can be customised by means of a wide range of accessories and by virtue of the versatility of the units.

Thanks to **public spaces** the various rooms dedicated to work or leisure time take shape by defining the different areas devoted to work and creativity, to interaction and collaboration.
