* Profondità seduta calcolata senza il poggiatesta il cui ingombro è di 17cm.

* Seat depth calculated without small backrest cushion with an overall dimension of 17 cm.

Struttura: Telaio in legno con cinghiatura di sostegno ad elasticità differenziata, rivestito in poliuretano espanso indeformabile. **Imbottiture:** Braccioli, schienale mobile e cuscinetto poggiatesta in piuma. Cuscini di seduta in piuma con inserto in poliuretano espanso indeformabile. **Rivestimento:** In pelle, o in tessuto sfoderabile. **Piede:** Base in legno laccato altezza 5cm. **Caratteristiche:** Cambiando posizione della spallierina mobile si ottengono profondità di seduta diverse. Per facilitare la sfoderabilità nella versione tessuto, il braccio è sganciabile dal resto della struttura attraverso appositi agganci a baionetta posizionati sui lati. Nella versione in tessuto, cuciture, altezze e altri dettagli potrebbero essere diversi rispetto allo stesso modello con rivestimento in pelle. **Meccanismo letto:** Ortopedica elettrosaldato a 2 pieghe, con sistema di sollevamento frontale in due tempi. Realizzato in acciaio e verniciato con polveri epossidiche di colore grigio metallizzato. Materasso: In poliuretano altezza 12cm, misura utile per dormire 194cm. larghezza variabile a seconda della versione. **Caratteristiche:** Durante il ribaltamento, cuscini di seduta volanti. **A richiesta:** Materasso in aloe-vera.

Structure: Wooden frame fitted with an elasticised webbing suspension, covered with stress resistant undeformable polyurethane foam. **Paddings:** Arms, movable back and small backrest in feathers. Seat cushions in feathers with polyurethane insert. **Covering:** In leather or fabric, removable. **Feet:** Lacquered wooden base 5 cm high. **Features:** Changing the movable back position, it is possible to obtain different seat widths. To facilitate the removing of the covering, in the fabric version, the arm can be unassembled from the rest of the structure through special brackets on the sides. In the fabric version, stitches, height and other details may be different from the leather version. **Bed mechanism:** Orthopaedic electro-welded two folds mesh, with lifting opening system in two stages. High resistant steel, structure coated with metal grey colour epoxy powder. **Mattress:** In polyurethane 12 cm high. Sleeping dimensions 194 cm which can change according to the version. **Features:** During tilting, cushions are removable. **Upon request:** Mattress made of aloe-vera.

I materassi essendo prodotti imbottiti, sono regolamentati da una normativa europea che stabilisce una tolleranza del +/- 2 cm sulla lunghezza, larghezza e +/- 5% in altezza - UNI EN 1334. È bene comunque sapere che, l'altezza si misura dal centro del materasso non dalla fascia laterale (vedi figura) e che a volte alcuni materassi stando in posizione verticale durante il trasporto o nei magazzini, possono avere un leggerro effetto "fisarmonica" risultando più corti della misura espressa sull'etichetta.

Mattresses, being filled products, are regulated by the European legislation which establishes a tolerance of +/- 2 cm on the length, width and +/- 5% in height - UNI EN 1334. Anyway, it is better to know that the height is measured From the centre of the mattress and not by the side band (see picture) and that sometimes some of them standing in an upright position during transport or storage, can maybe have a light "accordion" effect, though resulting less longer than the measurements specified on the label.
