Artist

LEONE VILLARI

Born in 1981 in the porcelain factory of his family, Leone has developed an innate artistic talent and an overflowing imagination. For this collection, he has focused his experience principally on harmony, balanced shapes and volumes of the animals. Every details are handmade by the master craftsman artist using traditional techniques for the modelling and the decoration learnt from his parents: Silvia and Cesare Villari.

The animal graceful postures and the alliance of the porcelain and the CRYSTALLIZED™ Swarovski Elements give the sculptures a highly artistic aspect. Each of the CRYSTALLIZED™ Swarovski Elements are applied by hand.
