

A woman with long brown hair, wearing a pink long-sleeved cardigan over a pink spaghetti-strap top and a voluminous pink tutu skirt, sits against a brown tufted leather background. She wears a crown of pink and white roses and holds a small, ornate white candle with gold bands. To her left and right are several 'macaron trees'—conical structures made of colorful macarons in shades of pink, green, yellow, and blue. In front of her, on a pink tulle skirt, are more candles and macarons. The entire scene is framed by a gold border.

SCENTED CANDLES

Essences made in Grasse-France

VILLARI

This collection is born from the meeting of Italian artistic craftsmanship with French craftsmanship perfume expertise. France and Italy are traditionally in the top list of countries with a great influence on interior design, fashion and luxury. The combination of the two different know-how ensures a Must-Have Collection. Villari has selected the best of French perfume craftsmanship to combine with its porcelain, finding it in Grasse, the birthplace of the finest essences in the world. Grasse remains the leader for luxury perfumes and fragrances with more than 60 companies, producers of raw materials, flavors and fragrances. Villari reinterprets the classical French scented candles (most commonly presented in glass containers) into a stunning collection with a fresh look. The scented candles collection showcases the meticulous finery of Villari's craftsmanship and stimulate your smell sense with pleasant fragrances which can improve your mood and sense of well-being. Each candle is individually hand-poured in France using 100% natural wax, infused with pure original perfume from Grasse. VILLARI scented candles are available in five fragrances: Chantilly, Portofino, Capri, Amalfi, Taormina.

CHANTILLY

Chantilly Cream has been invented by Francois Vatel, maître d'hôtel at the Château de Chantilly (France) in the 17th century. At that time, the château de Chantilly was a symbol of refined cuisine and the appointment of Gastronomic Delights for the nobility. This Whipped cream is beaten until it is light and fluffy. Chantilly Cream is sweetened and flavored with vanilla.

Essences: Vanilla, caramel. A charming collection which brings back childhood memories.

AMALFI

*Amalfi offers one of the most unique scene-
ries in the world: sets like an amphitheatre
overlooking mountains and sea, encircled
by the green of the palm trees, characteri-
zed by the warm scent of lemons and oran-
ges. A honeymoon in Amalfi is an absolute
must, unquestionably one of the most beau-
tiful natural coastlines in the world. Villa-
ri reinterprets it in this delicate fragrance.*

*Essences: Lemon, Jasmine.
A romantic and poetic collection.*

Amalfi scented candle
cm. 11 h x 8 l

TAORMINA

*Taormina is an exclusive, high-class de-
stination on the east coast of Sicily, fre-
quented by artists, writers, aristocrats
and personalities. Taormina's climate is
a dream, its position, perfect panoramas,
monuments and luxurious fauna are ad-
mired by everyone who goes there. This fra-
grance expresses all the natural essences,
the antique atmospheres and splendours.
A sumptuous decorative collection*

Essences: Fig Flowers, Fig Milk.

ABOUT THE SCENTED CANDLE:

Hand-poured in France with 100% vegetable wax. Pure original perfume from Grasse - France (the birthplace of perfume). About 60 hour burning time.

Easy to Clean: the wax cleans up easily with hot water and soap. Once cleaned, the porcelain containers can be used as: jewelry box, cotton holder, cotton buds holder...

ECO-FRIENDLY

Candles made with 100% pure Vegetable Wax (withouth any paraffin wax). Paraffin wax is a petroleum product (processed in oil refineries) and discharges carcinogens into the air.

100% PURE NATURAL WAX ADVANTAGES:

Long burning times: 2 to 3 times longer than paraffin candles. About 60 hour burning time for normal size candles (175gr). About 26 hour burning time for the small ones (90 gr).

BETTER BURNING RESULTS THAN PARAFFIN WAX:

Bright and clear flame causing considerably less smoke. Keeping the quality of air pure and walls clean. During burning, a thin shell is created around the outside giving an amazing natural lantern appearance.

PRECAUTIONARY MEASURES

Be careful: any burning candle should be never left unattended. Keep lighted candles out of reach of children and pets. Keep the wick trimmed to 5 or 6 mm. This length should be maintained throughout the burning process. Ensure that the wick maintains its central position. Extinguish any candle that excessively smokes (check the instructions before relighting). Do not burn a candle on a flammable or fragile surface. Do not let a candle burn for more than three consecutive hours. Non-comestible - do not eat.
