DAL
1885

GHERARDINI RAPPRESENTA
LO STILE ITALIANO NELLA PELLETTERIA.

SINCE 1885 GHERARDINI HAS EMBODIED
ITALIAN STYLE IN LEATHER GOODS.

Il brand Gherardini custodisce una grande storia, la storia della lunga vita di un'attività, espressione della perizia e della genialità dell'artigianato fiorentino e pertanto illustre rappresentante del Made in Italy. I membri della famiglia Gherardini che hanno gestito questo marchio fino al 1990, conferendogli un'impronta inconfondibile nello stile e nella lavorazione, hanno saputo creare e rigenerarsi costantemente, indagando e fornendo risposte alle nuove esigenze del cliente e adeguandosi ad esse nel trovare, attraverso la sperimentazione e la lavorazione, materiali e tecniche che di volta in volta si attagliavano maggiormente all'oggetto da realizzare. Tradizione, artigianalità e Made in Italy sono ancora oggi i tratti distintivi dell'azienda.

The Gherardini brand boasts a great history, the history of many, many years of activity; the very expression of renowned Florentine craftsmanship and artisan skill. That is why Gherardini rightfully deserves acknowledgment as an illustrious member of Made in Italy. Gherardini family members ran the company until 1990, giving it a unique fingerprint in style and workmanship. They were able to create and regenerate, constantly researching and providing a response to the new needs of the customers, experimenting with new techniques and materials, or implementing the most revered traditions, for an ever more customized product. Tradition, craftsmanship and Made in Italy are still the distinguishing features of the company.

GHERARDINI HA CELEBRATO 125 ANNI
DI STORIA MADE IN ITALY.

Il negozio di Firenze in Via della Vigna Nuova, avviato da Garibaldo Gherardini, già dai primi anni del '900 diventa luogo d'incontro per l'élite internazionale: dall'aristocrazia toscana ai personaggi della "dolce Vita" fino a quelli di Hollywood. L'amore per la sperimentazione e la creatività diventano da subito elementi caratteristici dell'azienda.

GHERARDINI CELEBRATED 125 YEARS
OF MADE IN ITALY HISTORY.

The Florence boutique in Via della Vigna Nuova, established by Garibaldo Gherardini immediately became a venue for rendezvous of the international élite: from Tuscan noble ladies to 'Dolce Vita' protagonists, and Hollywood stars. The love for experimentation and creativity have distinguished the company since its inception.

THE MAIN STEPS

1885

Garibaldo Gherardini opens his first workshop in Florence, specialized in the cases production.

1900

Later, a wider range of items are successfully introduced: bags, clutch bags with jewel closure, the use of brocade, satin, and pleated leather for a sophisticated luxury.

1915

Garibaldo opens his first shop in Via della Vigna Nuova in Florence.

1945

Gherardini's second generation contributes to the expansion and success of the house.

1952

Made in Italy takes off and large-scale production of leather goods begins in the Via della Vigna Nuova store. This marks the birth of the Gherardini brand.

1960

Thanks to the success of the Gherardini style, new headquarters are established in Casellina Scandicci (next to Florence).

1969

The first collection of women's leatherwear is on the catwalk in the Sala Bianca at Pitti Palace.

1973

The beginning of Total Look: the Florentine house expands its production to clothing, sunglasses and foulards.

1974

Creation of the "GHE" cotton fabric, in partnership with Gommatex Spa. Two years later, the innovative fabric able to reduce the weight of the bag will become "Ghe Softy" with cotton replaced by Nylon.

1975

Pitti Donna makes its debut and Gherardini is in the fashion show with its soft clothes and leather-trimmed trench coats: its icon is a little blonde from London, her name is Twiggy.

1981

Creation of a men's line of accessories.

1982

Tabloid Women's Wear Daily announces the launch of Gherardini Perfume Donna, an exclusive fragrance.

1990

The founders transfer the trademark.

2000

The brand undertakes a powerful action to re-launch its image.

2005

The GHE SOFTY fabric is further developed using state-of-the-art materials.

2007

The brand joins the Braccialini Group: the Historical Archives Project is launched.

2008

The new holding begins a process aimed at repositioning the brand as a luxury brand.

2009

Signing of license agreements for umbrellas, foulards, scarves and ties: total look target.

2010

Gherardini celebrates 125 years of history, with an exhibition at La Triennale in Milan and the publication of monograph book.

A new, more luxurious image is devised for Gherardini that embraces products, brand perception and a new concept for its boutiques.

2011

Creation of a new Worldwide Concept Store. Conception of the Made to Order project.
