WORLDESIGN

GRILLI®

WORLDESIGN

Passato e futuro si fondono in una soluzione unica, in cui convivono la cura della tradizione artigianale con i processi di produzione industriale più innovativi. GRILLI offre da oltre 50 anni qualità e prodotti che riflettono nel Design il vero *Made in Italy*. Il nuovo catalogo 2019 racconta il *Mood GRILLI* in tutte le sue sfumature, dedicate al mondo degli interni con cura e passione attraverso una visione rinnovata di Architectural Design.

Past and future merge into a unique solution, where the care of craft manship coexist with the most innovative industrial production processes. For over 50 years GRILLI has been offering quality and products that reflect the true *Made in Italy* in Design. The new 2019 catalog tells the *Mood GRILLI* in all its nuances, dedicated to the world of interiors with care and passion through a renewed vision of Architectural Design.

WORLDESIGN 2019

Il Made in Italy, per chi come GRILLI produce realmente presso il proprio stabilimento, deve essere un fattore distintivo. La tradizione toscana come matrice culturale è una delle chiavi di lettura trasmessa al Salone del Mobile 2019. Sapere che la storia può aiutare a recepire processi di rinnovamento attraverso la tecnica, la tradizione e la valorizzazione del prodotto aiuta a percepire meglio il messaggio di una qualità accessibile a tutti. I sapori della terra, i colori e le sfumature che raccontano una storia millenaria non possono essere cancellati dalle mode passeggere.

I diversi interpreti che raccontano GRILLI respirano il Mood, concepito dal Direttore Artistico Simone Cellitti, secondo declinazioni soggettive. Le nuove collezioni di seguito proposte, sono frutto della sinergia creatasi attraverso approfondite ricerche tra GRILLI e i Designers che attraverso la loro sensibile mano confezionano l'immagine dei prodotti. Giancarlo Vegni, Carlo Bimbi, Mario Precisi, Roberto Fidanzi, Pino Matranga, sono le diverse anime che rappresentano la produzione GRILLI, dove il denominatore comune è legato profondamente alla terra Toscana. L'appartenenza al contesto ed il richiamo a valori culturali che ricordano il Rinascimento come patrimonio collettivo, piuttosto che come stile, echeggiano in modo raffinato sui prodotti così da far assaporare il Made in Italy per l'eccellenza.

Made in Italy, for those like GRILLI who actually produce in their own factory, must be a distinctive factor. The Tuscan tradition as a cultural matrix is one of the keys to interpretation transmitted at the Salone del Mobile 2019. Knowing that history can help to implement processes of renewal through technique, tradition and product enhancement helps to better perceive the message of a quality accessible to all. The flavors of the earth, the colors and shades that tell a millennial history cannot be erased by passing fashions.

The different interpreters who tell GRILLI breathe the Mood, conceived by the Artistic Director Simone Cellitti, according to subjective variations. The new collections proposed below are the result of the synergy created through extensive research between GRILLI and the Designers who, through their sensitive hand, package the image of the products. Giancarlo Vegni, Carlo Bimbi, Mario Precisi, Roberto Fidanzi, Pino Matranga, are the different souls that represent the GRILLI production, where the common denominator is deeply linked to the land of Tuscany. The belonging to the context and the reference to cultural values that recall the Renaissance as a collective heritage, rather than as a style, echo in a refined way on the products so as to savor the Made in Italy for excellence.

GRILLI presenta soluzioni di arredo attraverso le nuove collezioni, disegnate dai Designer Giancarlo Vegni e Carlo Bimbi, destinate agli ambienti della casa e completate da proposte di Architectural Design che rafforzano la visione globale del tema di Interior.
Architectural Design ed Industrial Design si fondono in un unico processo senza soluzione di continuità dove la differenza è percepita attraverso la cura del dettaglio e dei materiali utilizzati. Lo spazio della casa racconta lo spirito di chi la abita. Ogni soluzione viene personalizzata secondo le esigenze e le volontà di espressione dell'utente finale.
La collezione Quadro nasce dalla felice mano di Giancarlo Vegni che, attraverso uno stile unico e lo studio sulle materie innovative, dal texwood ecosostenibile alle trame decorative, ricerca la qualità della vita attraverso il Design come valore collettivo. Nuovi divani, proposte per area living, soluzioni di Architectural Design dal sapore internazionale, sono temi fra loro correlati nel *Mood GRILLI* dove si rintracciano anche gli sviluppi del sistema modulare I-ching proposto da Pino Matranga in finitura cemento e l'ampliamento della collezione York disegnata da Carlo Bimbi.

GRILLI presents furnishing solutions through the new collections, designed by the Designers Giancarlo Vegni and Carlo Bimbi, intended for the rooms of the home and completed by Architectural Design proposals that reinforce the global vision of the Interior theme.
Architectural Design and Industrial Design come together in a single seamless process where the difference is perceived through the attention to detail and the materials used. The space of the house tells the spirit of those who live there. Each solution is customized according to the needs and the desire of expression of the end user.
The Quadro collection comes from the happy hand of Giancarlo Vegni who, through a unique style and the study of innovative materials, from eco-sustainable Texwood to decorative textures, seeks the quality of life through Design as a collective value. New sofas, proposals for living areas, solutions of Architectural Design with an international flavor, are related themes in *Mood GRILLI* where the developments of the I-ching modular system proposed by Pino Matranga in cement finish and the development of the York collection are also traced designed by Carlo Bimbi.

ZONA PRANZO
_DINING

Una linea raffinata si propone, tramite un sapiente gioco di chiari e scuri, attraverso un disegno rigoroso che impreziosisce la leggerezza della finitura Texwood in versione opaca o lucida, alla quale si aggiungono finiture di assoluta novita' come l'Armadillo texturizzato, Picture Klimt, e Vetro stratificato. Giancarlo Vegni racconta attraverso la collezione Quadro un'idea di interni attenta al dettaglio e compatibile con la freschezza delle immagini della casa contemporanea. Gli accostamenti dei materiali sono sensibili perché il valore stereometrico del Design (dai mobili agli imbottiti) si concilia con la percezione della purezza dell'oggetto portando in evidenza la sua anima. Seguendo il modello Michelangiolesco vengono tolte tutte le presenze "inutili al prodotto" per arrivare alla reale essenza secondo un disegno consapevole che si distacca dal banale minimalismo.

A refined line is proposed, through a clever play of light and dark, through a rigorous design that embellishes the lightness of the Texwood finish in a matt or glossy version, to which are added finishes of absolute novelty such as the textured Armadillo, Picture Klimt, and glass worked. Through the Quadro collection, Giancarlo Vegni describes an interior design that is careful to detail and compatible with the freshness of the images of the contemporary home. The combinations of materials are sensitive because the stereometric value of the Design (from the furniture to the upholstered items) combines with the perception of the purity of the object, bringing its design soul to the fore. Following the Michelangiolesco model all the "useless to the product" presences are removed to arrive at the real essence according to a conscious design that is detached from the banal minimalism.

ZONA NOTTE
_NIGHT

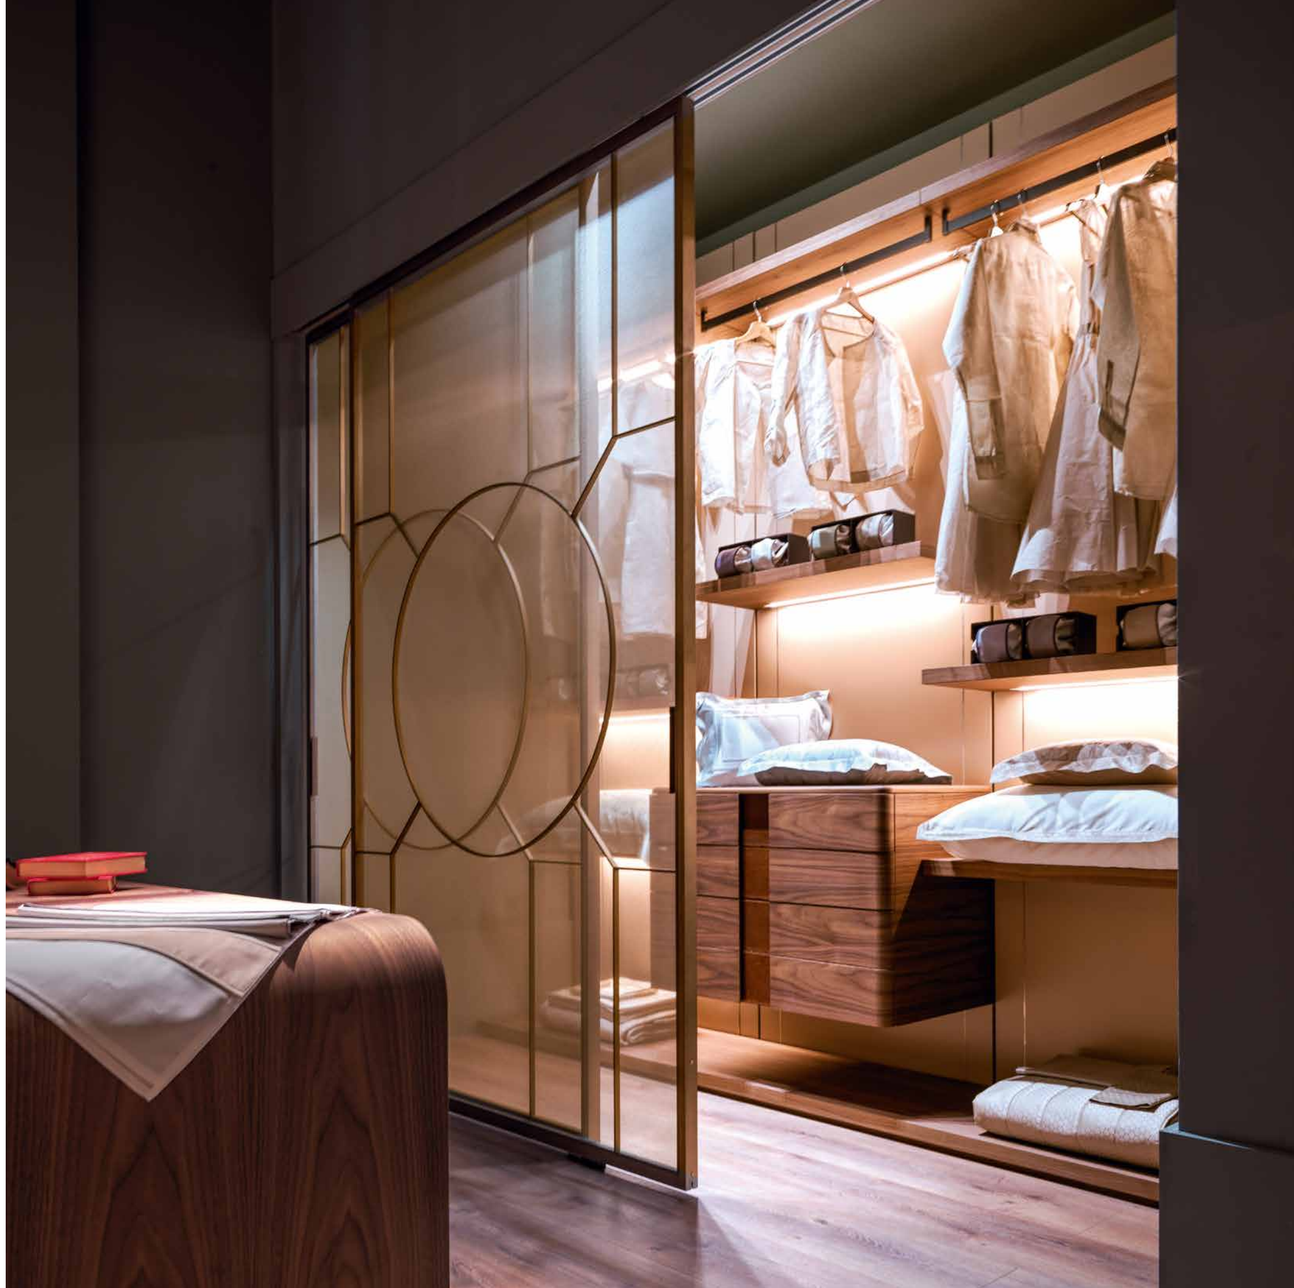

La zona notte raccoglie i nostri sogni. Il relax ed il confort sono raggiunti attraverso un design altamente personalizzato. Ogni camera può assumere il carattere dell'utente attraverso una attenta selezione dei materiali più pregiati fino alla definizione di modelli customizzati secondo esigenze precise.
GRILLI si presenta al Salone del Mobile 2019 attraverso la proposta di nuove collezioni e singoli prodotti destinati agli ambienti Notte attraverso la collaborazione con i Designer Giancarlo Vegni, Carlo Bimbi e Mario Precisi, che firmano i nuovi arredi. Dal sistema porte alle pareti decorative, boiserie tessili in legno o ceramica totalmente customizzabili, fino ai corredi che confezionano il prodotto degli imbottiti ed i letti.

The sleeping area collects our dreams. Relaxation and comfort are achieved through a highly personalized design. Each room can take on the character of the user through a careful selection of the finest materials up to the definition of customized models according to precise needs.
GRILLI presents itself at the Salone del Mobile 2019 through the proposal of new collections and individual products for the Night environments through the collaboration with the Designers Giancarlo Vegni, Carlo Bimbi and Mario Precisi, who sign the new furnishings. From the door system to decorative walls, textile boiserie, in wood or ceramic completely customizable, up to the kits that make up the product of the upholstered items and the beds.

I CHING

Il sistema I Ching nasce dall'idea di utilizzare i trigrammi e gli esagrammi che contraddistinguono il Libro dei Mutamenti.
Le linee intere e le linee spezzate nel sistema modulare I Ching sono rappresentate da mensole e contenitori sospesi e le loro combinazioni rimandano ai significati contenuti nel Libro dei Mutamenti (8 combinazioni per i trigrammi e 64 combinazioni per gli esagrammi).
I Ching system appartiene a pieno titolo ai sistemi di arredo componibili, si contraddistingue per l'eleganza e il rigore. Tutti gli elementi che lo compongono si stagliano su uno schienale che fa da spartito ai trigrammi e agli esagrammi.
Progettare una composizione con I Ching system significa non solo rispondere a esigenze funzionali ed estetiche ma essere rappresentativo di chi lo possiede.

The I Ching system was born from the idea of using trigrams and hexagrams that distinguish the Book of Changes.
The whole lines and the broken lines in the I Ching modular system are represented by suspended shelves and containers and their combinations refer to the meanings contained in the Book of Changes (8 combinations for the trigrams and 64 combinations for the hexagrams).
I Ching system fully belongs to modular furniture systems, yes stands out for its elegance and rigor. All the elements that compose it yes they stand out on a backrest that plays the trigrams and the hexagrams.
Designing a composition with I Ching system means not only responding to functional and aesthetic needs but be representative of who owns it.
