

La passione per la perfezione, la ricerca costante nella cura del dettaglio, nella scelta dei materiali e delle lavorazioni per arrivare ad un prodotto di grande qualità, sono alla base della filosofia che ha portato il GRUPPO ORSENIGO a distinguersi nel mondo per l'unicità dei suoi pezzi. Gli oltre 50 anni di esperienza sono il segreto del successo di questa azienda. Un lungo cammino percorso senza mai snaturare la propria vocazione artigiana pur essendo attenta alle moderne innovazioni tecnologiche per migliorare il risultato finale. Fondata nel 1960 dai FRATELLI ORSENIGO, la ditta ha seguito una strada precisa nel suo sviluppo; merito di questo successo sono: i prodotti tradizionali e di design, l'utilizzo di materiali pregiati abbinati ad una esasperata cura nei particolari attraverso le lavorazioni ed alla finitura galvanica eseguita all'interno dell'azienda. Dal 2000 l'azienda si specializza nel settore contract realizzando progetti su misura. Chi acquista un pezzo del GRUPPO ORSENIGO arricchisce il suo spazio di un bene durevole e di classe.

A total passion for perfection, the constant research to enhance the details, together with a meticulous choice of raw materials and efficient working procedures, goes towards achieving furniture of the highest quality. These ideals are the basis of the philosophy that has led GRUPPO ORSENIGO to distinguish itself in the world for the uniqueness of its products. Over 50 years of experience are the secret of the success of this company. A long journey which has been travelled without compromising their artisan skills, yet at the same time combining recent technological innovations with a view to improving the final end result. The company was founded in 1960 by FRATELLI ORSENIGO and has followed a precise route in its development. The reasons for their success are the offer of both classical and contemporary designs plus the use of quality raw materials combined with a dedicated attention to the finishes, which are achieved through complex galvanic processes that they are renowned for. Since 2000 the company has been specializing in the Contract branch through the realisation of customized projects. The discerning customer, who purchases a piece manufactured by the GRUPPO ORSENIGO, enriches his space with an enduring and exceptional piece of furniture.

Die Leidenschaft zur Perfektion, die Suche nach ständiger Optimierung der Details, mit einer sorgfältigen Auswahl der Rohmaterialien und effiziente Arbeitsverfahren, ermöglichen uns höchste Qualität zu produzieren. Diese Ideale sind die Basis unserer Philosophie, die GRUPPO ORSENIGO dazu geführt hat, sich durch die Einzigartigkeit der Produkte von anderen zu unterscheiden. Das Erfolgsgeheimnis unserer Firma ist die Erfahrung über eine Zeitspanne von mehr als 50 Jahren. Das ist eine lange Zeitreise, in der handwerkliche Fähigkeiten kompromisslos beibehalten, jedoch gleichzeitig kombiniert wurden mit technologischen Neuerungen, immer im Blick das Endprodukt zu verfeinern. Die Firma wurde im Jahre 1960 von den FRATELLI ORSENIGO gegründet und ist in ihrer Entwicklung einen präzisen Weg gegangen. Der Grund ihres Erfolges sind das Angebot zweier Linien, Classic und Contemporary, und die Verarbeitung qualitativen Rohmaterialien, kombiniert mit größter Aufmerksamkeit auf die Ausführungen, welche nur durch unseren namhaften komplizierten Galvanisierungsprozess erreicht werden können. Ab Jahr 2000 die Firma spezialisiert sich auf den Contract Bereich durch die Realisierung von Projekten nach Mass. Der geschätzte Kunde, der ein Produkt, hergestellt von GRUPPO ORSENIGO, kauft, bereichert seinen Raum mit außergewöhnlichen Möbelstücken von bleibendem Wert.
