Creating lifestyle

BECAUSE THIS IS
NOT JUST A COLLECTION
IT'S MY PERSONAL VIEW ON INTERIORS
IT'S PREGNO LIFESTYLE

A journey through my latest projects

With the word “Vendome” I’m not talking about a new collection but about Pregno’s brand evolution.

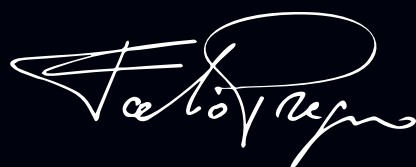

My company has a long history and a rich heritage, which is rooted in classical style, artwork, and craftsmanship.

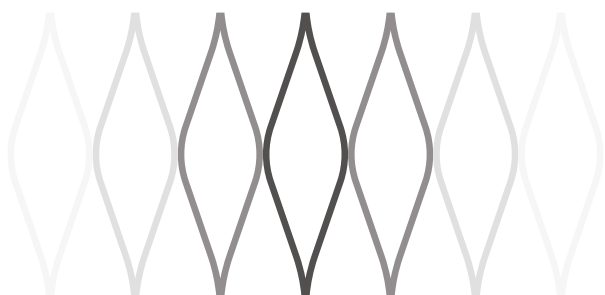

However, I have always loved to go beyond the trends, by constantly renewing my collections, while maintaining my identity.

A piece of furniture made by Pregno is always easy to recognize due to the precious wood veneers and the elegant and luxurious finishing.

I have collected in this book my classical heritage, my propensity to the future and the contemporary style, the inspirations from my travels and my projects around the world, the search for new materials.

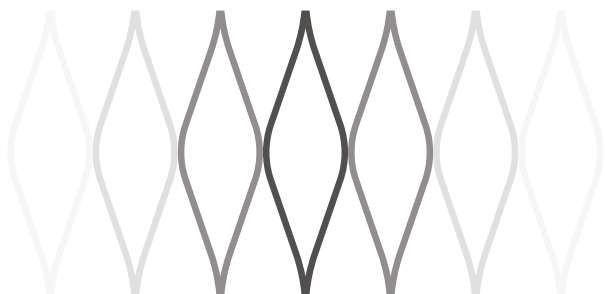

I did not do all this by myself, but thanks to a team of people who have been with me for years. Without them, Pregno lifestyle would be just a vision and not a solid reality.

A stylized, handwritten signature in white ink, reading "Fausto Pregno". The signature is fluid and cursive, with a large, sweeping loop at the end.

VENDOME

BRAZILIAN VILLA

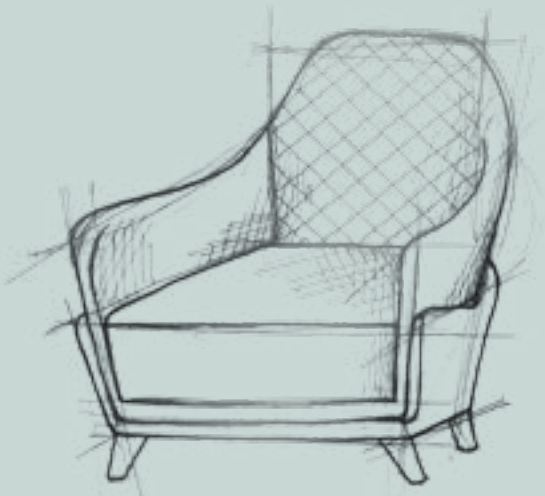

Jungle fever in a vintage mansion

Designing the interior of this loft was like plunging into the sixties, thanks to its Latin American setting, a warm and colourful metropolis and a stunning view from the top floor of a recently refurbished period building.

I found inspiration in the Brazilian villas of Oscar Niemeyer and Paulo Mendes da Rocha, opting for a mass presence of warm and exotic woods for furniture and highly contemporary panelling. I worked with exotically patterned textiles in bright colours to give the rooms a glossy, beguiling feel.

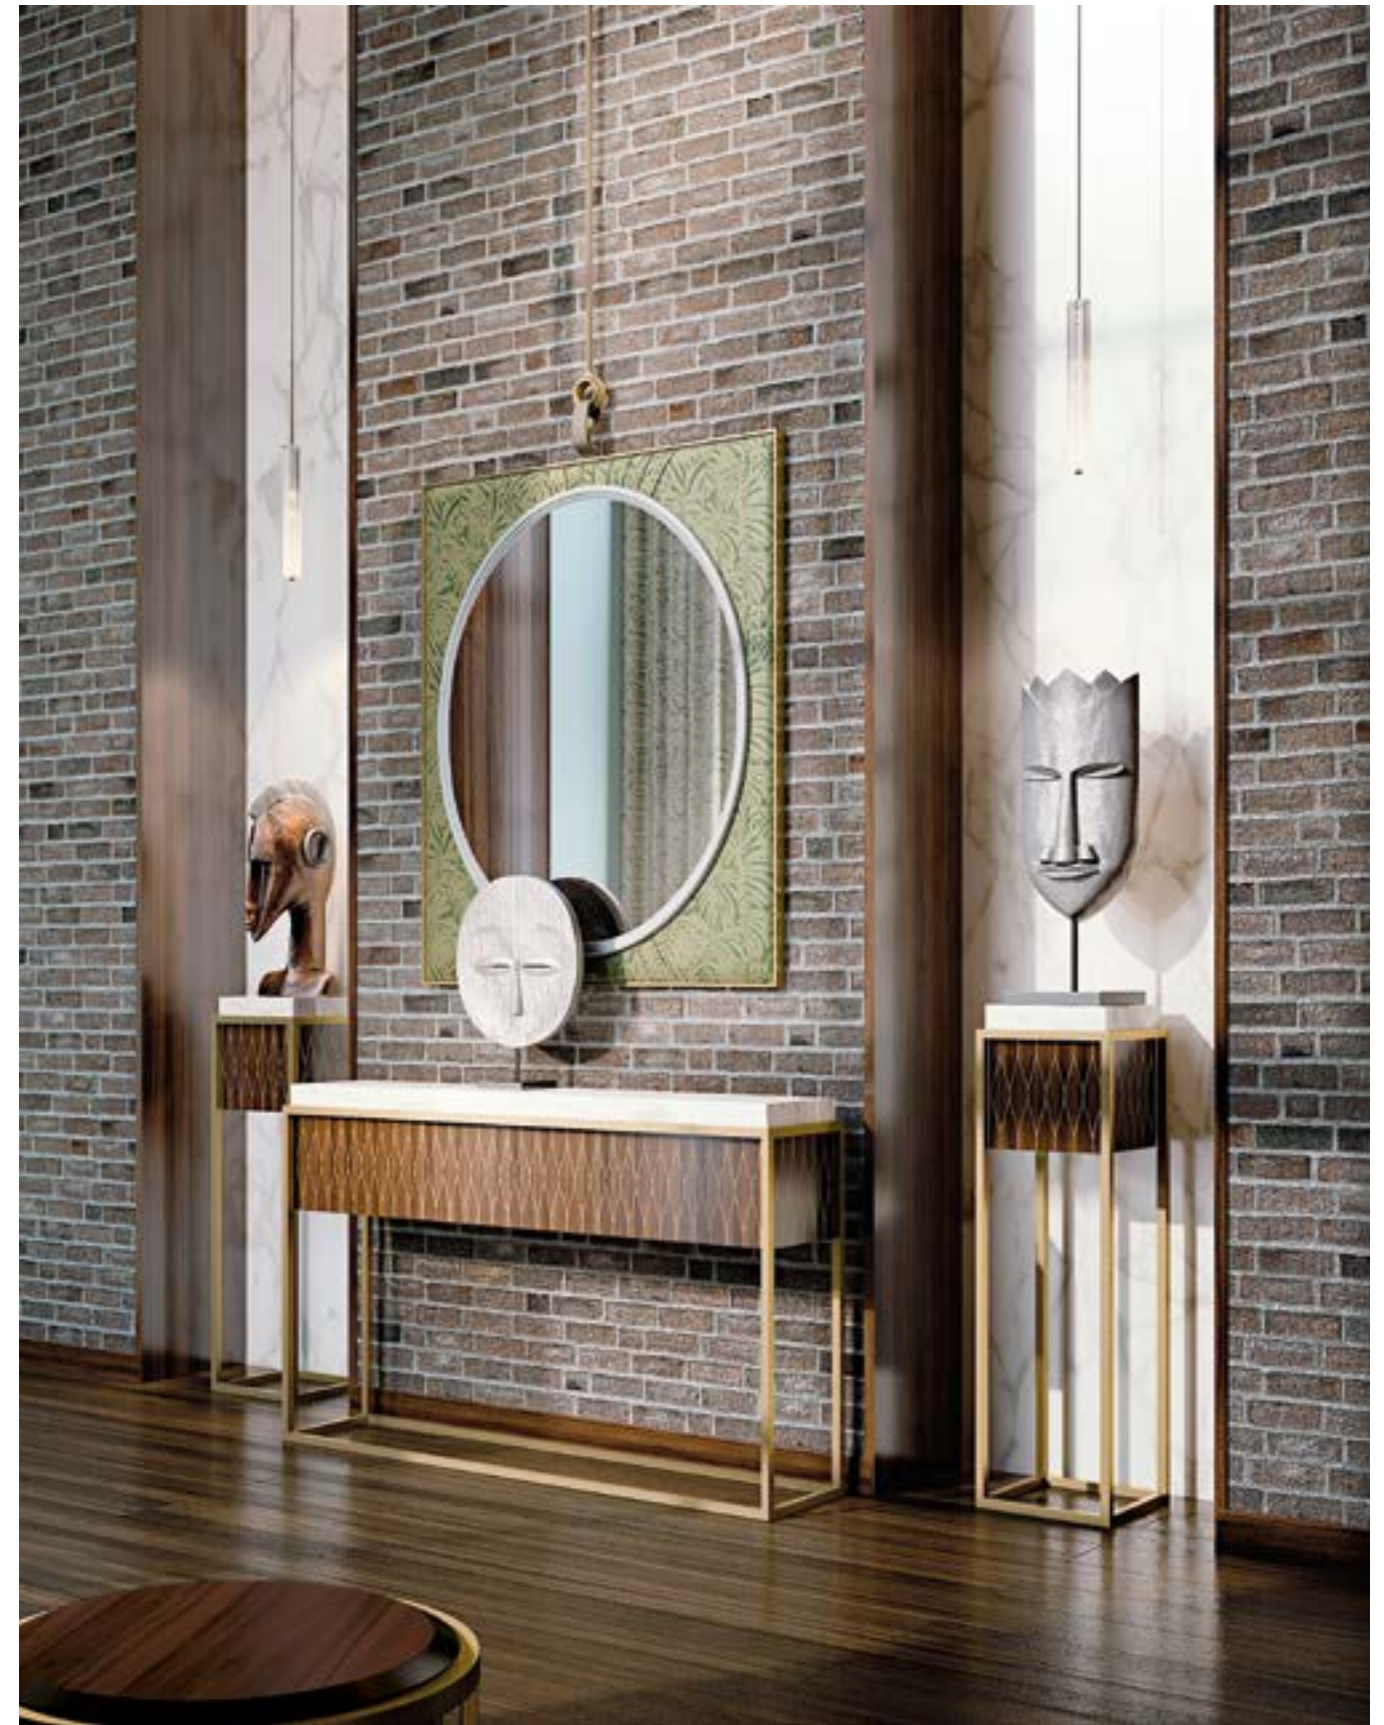

THE CHARLES ARMCHAIR

fits perfectly in the spacious living room, faces the fireplace inserted in the wood panelling and is lit by the large window behind. The seat is wide and comfortable, ideal for resting when accompanied by the matching pouf.

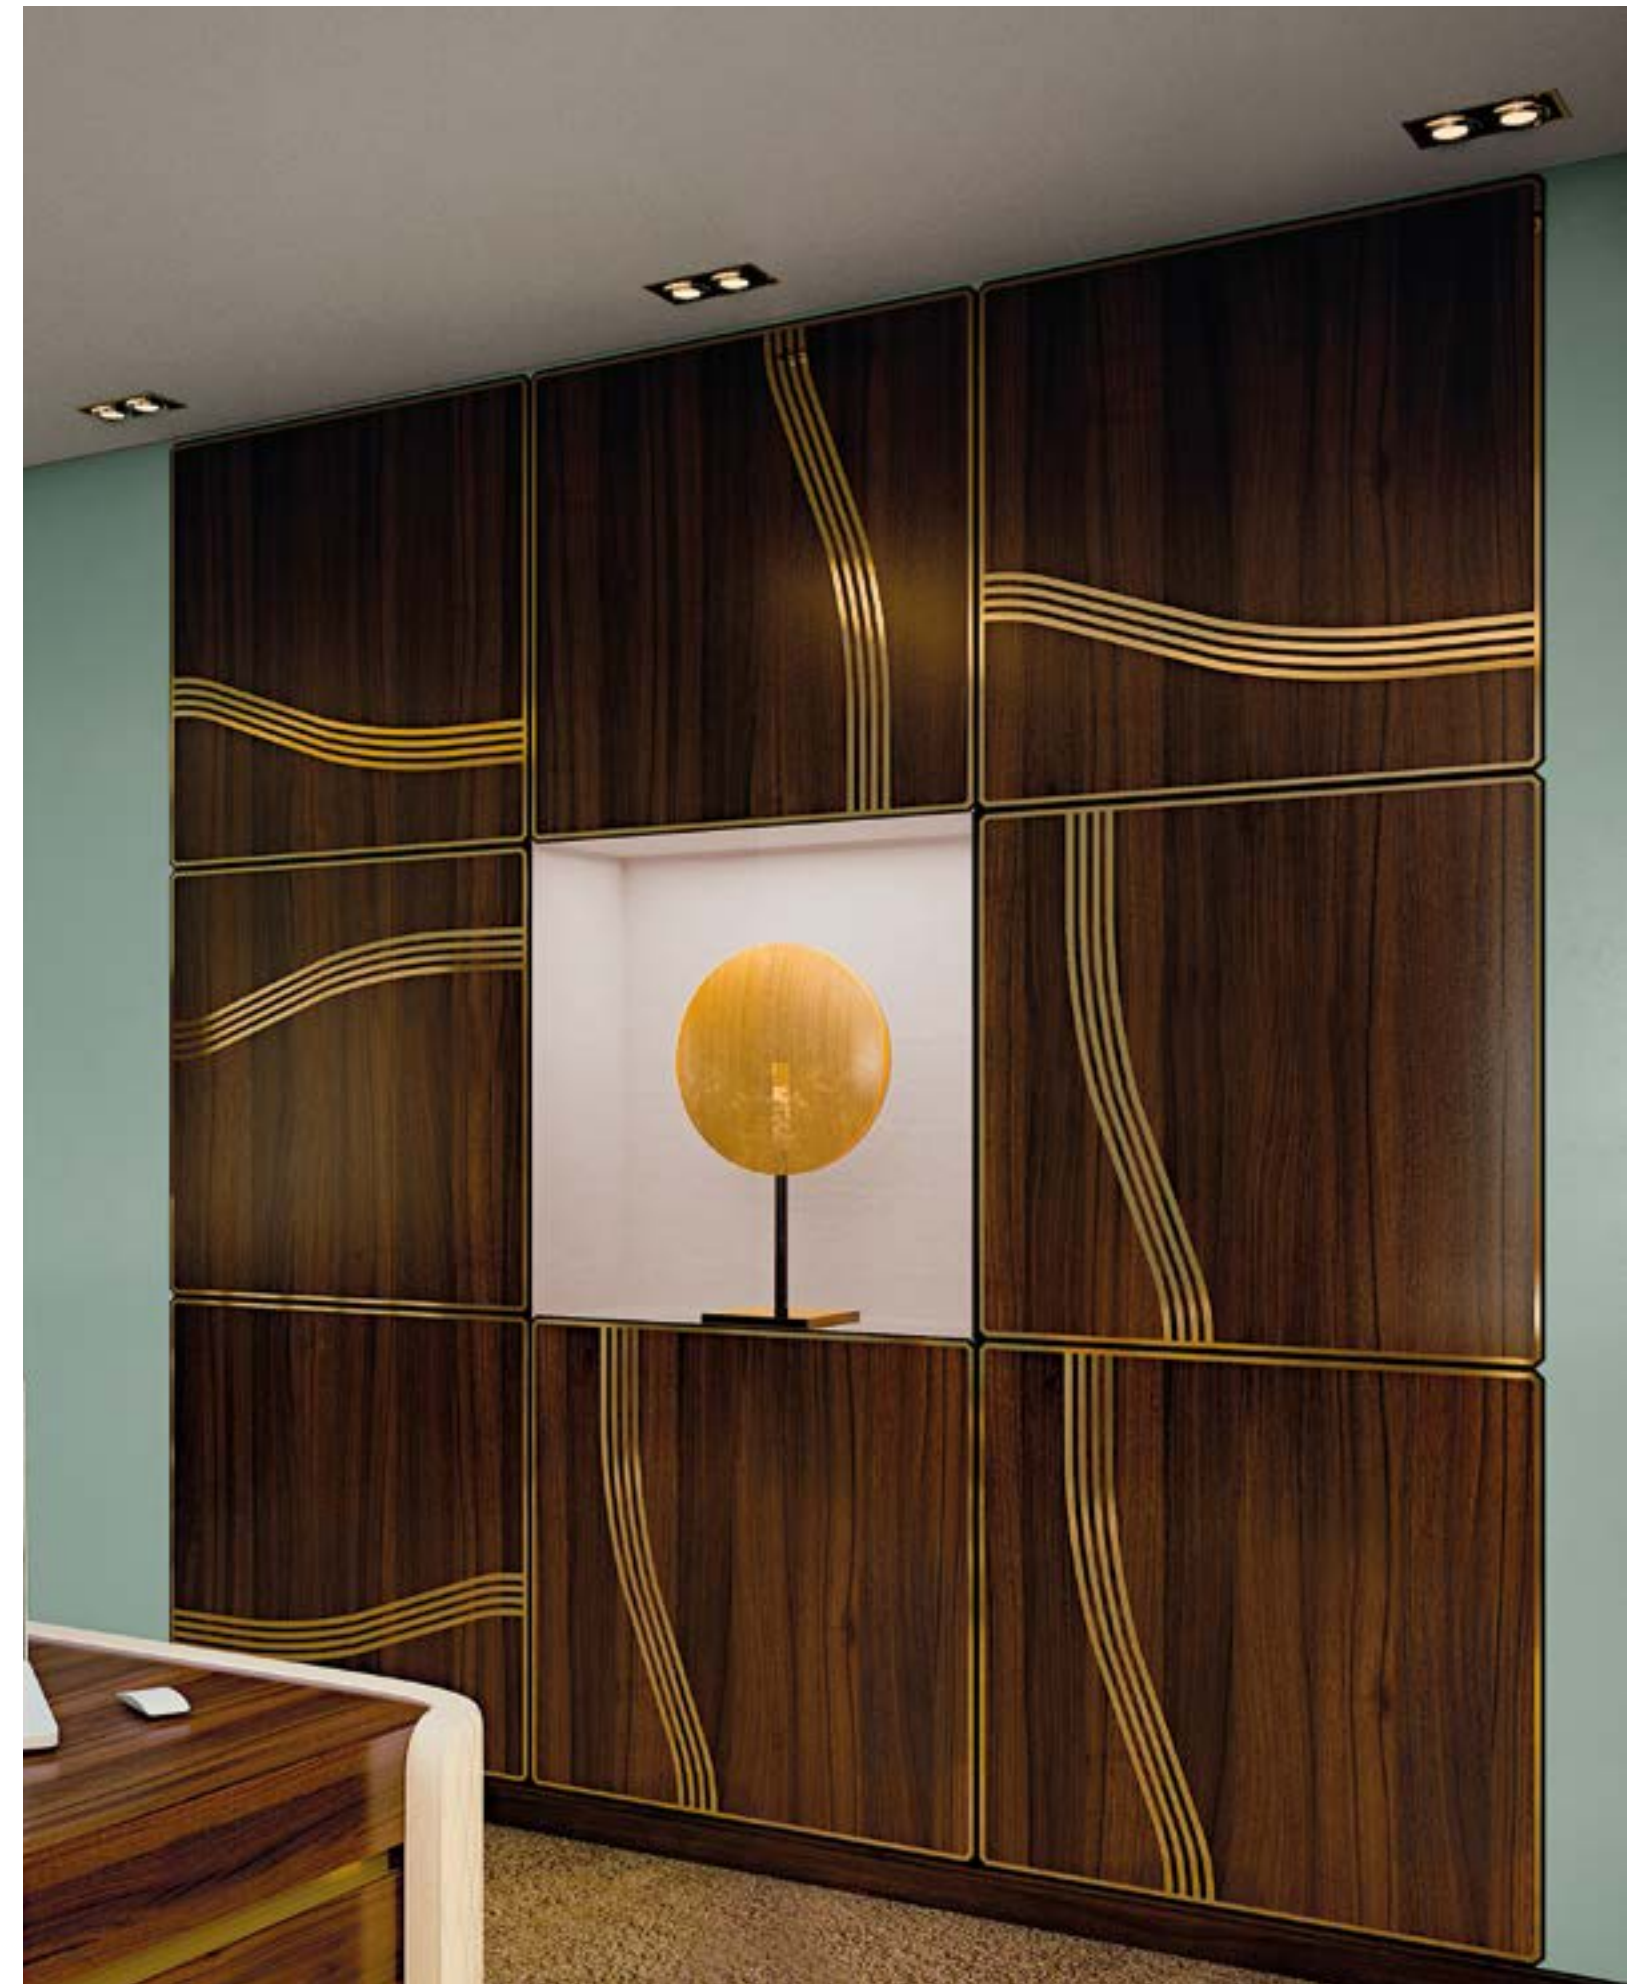

HANDLES LIKE JEWELS

The Amazon sideboard in black walnut and leather is embellished with handles designed specifically for the collection. For the metal components I chose a very warm bronze finish, the same of the table lamp, which was designed for this collection.

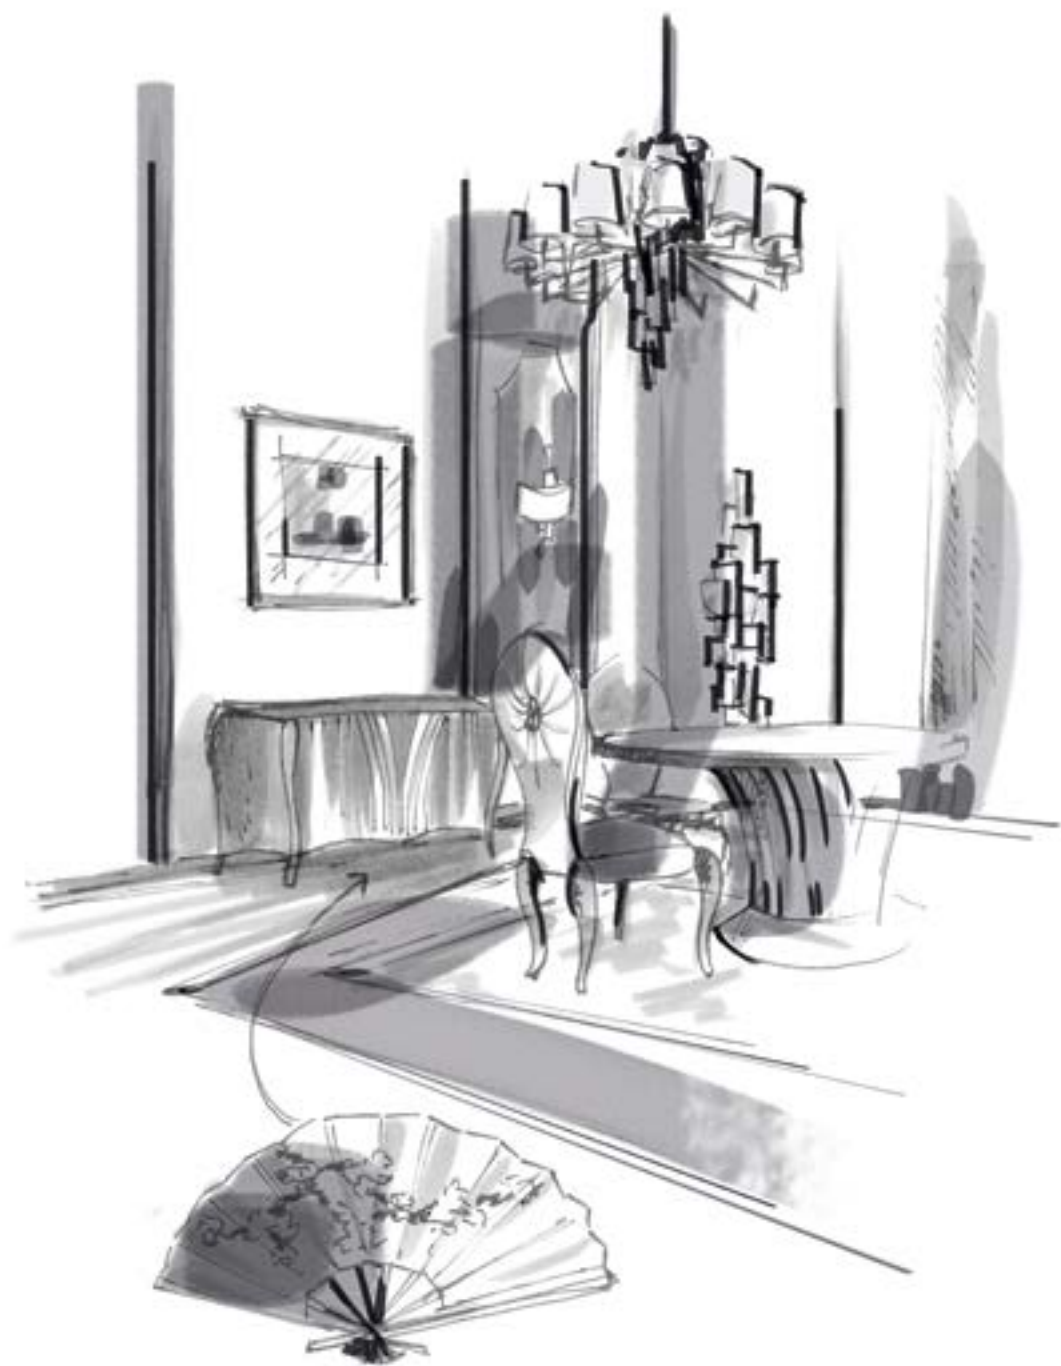

A Mahjong mirror detail, which combines small
bronzed bevelled mirrors with green
mother-of-pearl inserts, creating a contrasting
effect of warm and cool reflections.

BRONZE MIRRORS AND PRECIOUS MOTHER-OF-PEARL

THE UNIQUE CHINESE APPEAL

Glossy reflections in green and red

Designing these apartments in an eastern city skyscraper was the perfect opportunity to create contemporary surroundings but with an Art Deco flavour. I designed panelling with a more classical feel, but playing with 100% gloss finishes and alternating black with an elegant gray ebony finish. Each apartment has a dominant colour that distinguishes it from the others, such as Chinese red and tea-leaf green, which I used in all the fabrics in a clear reference to the oriental taste.

DELICATE SHADES OF GREEN

characterize the fabrics of sofas and cushions, alternating with the more distinct texture of the Verde Alpi marble.

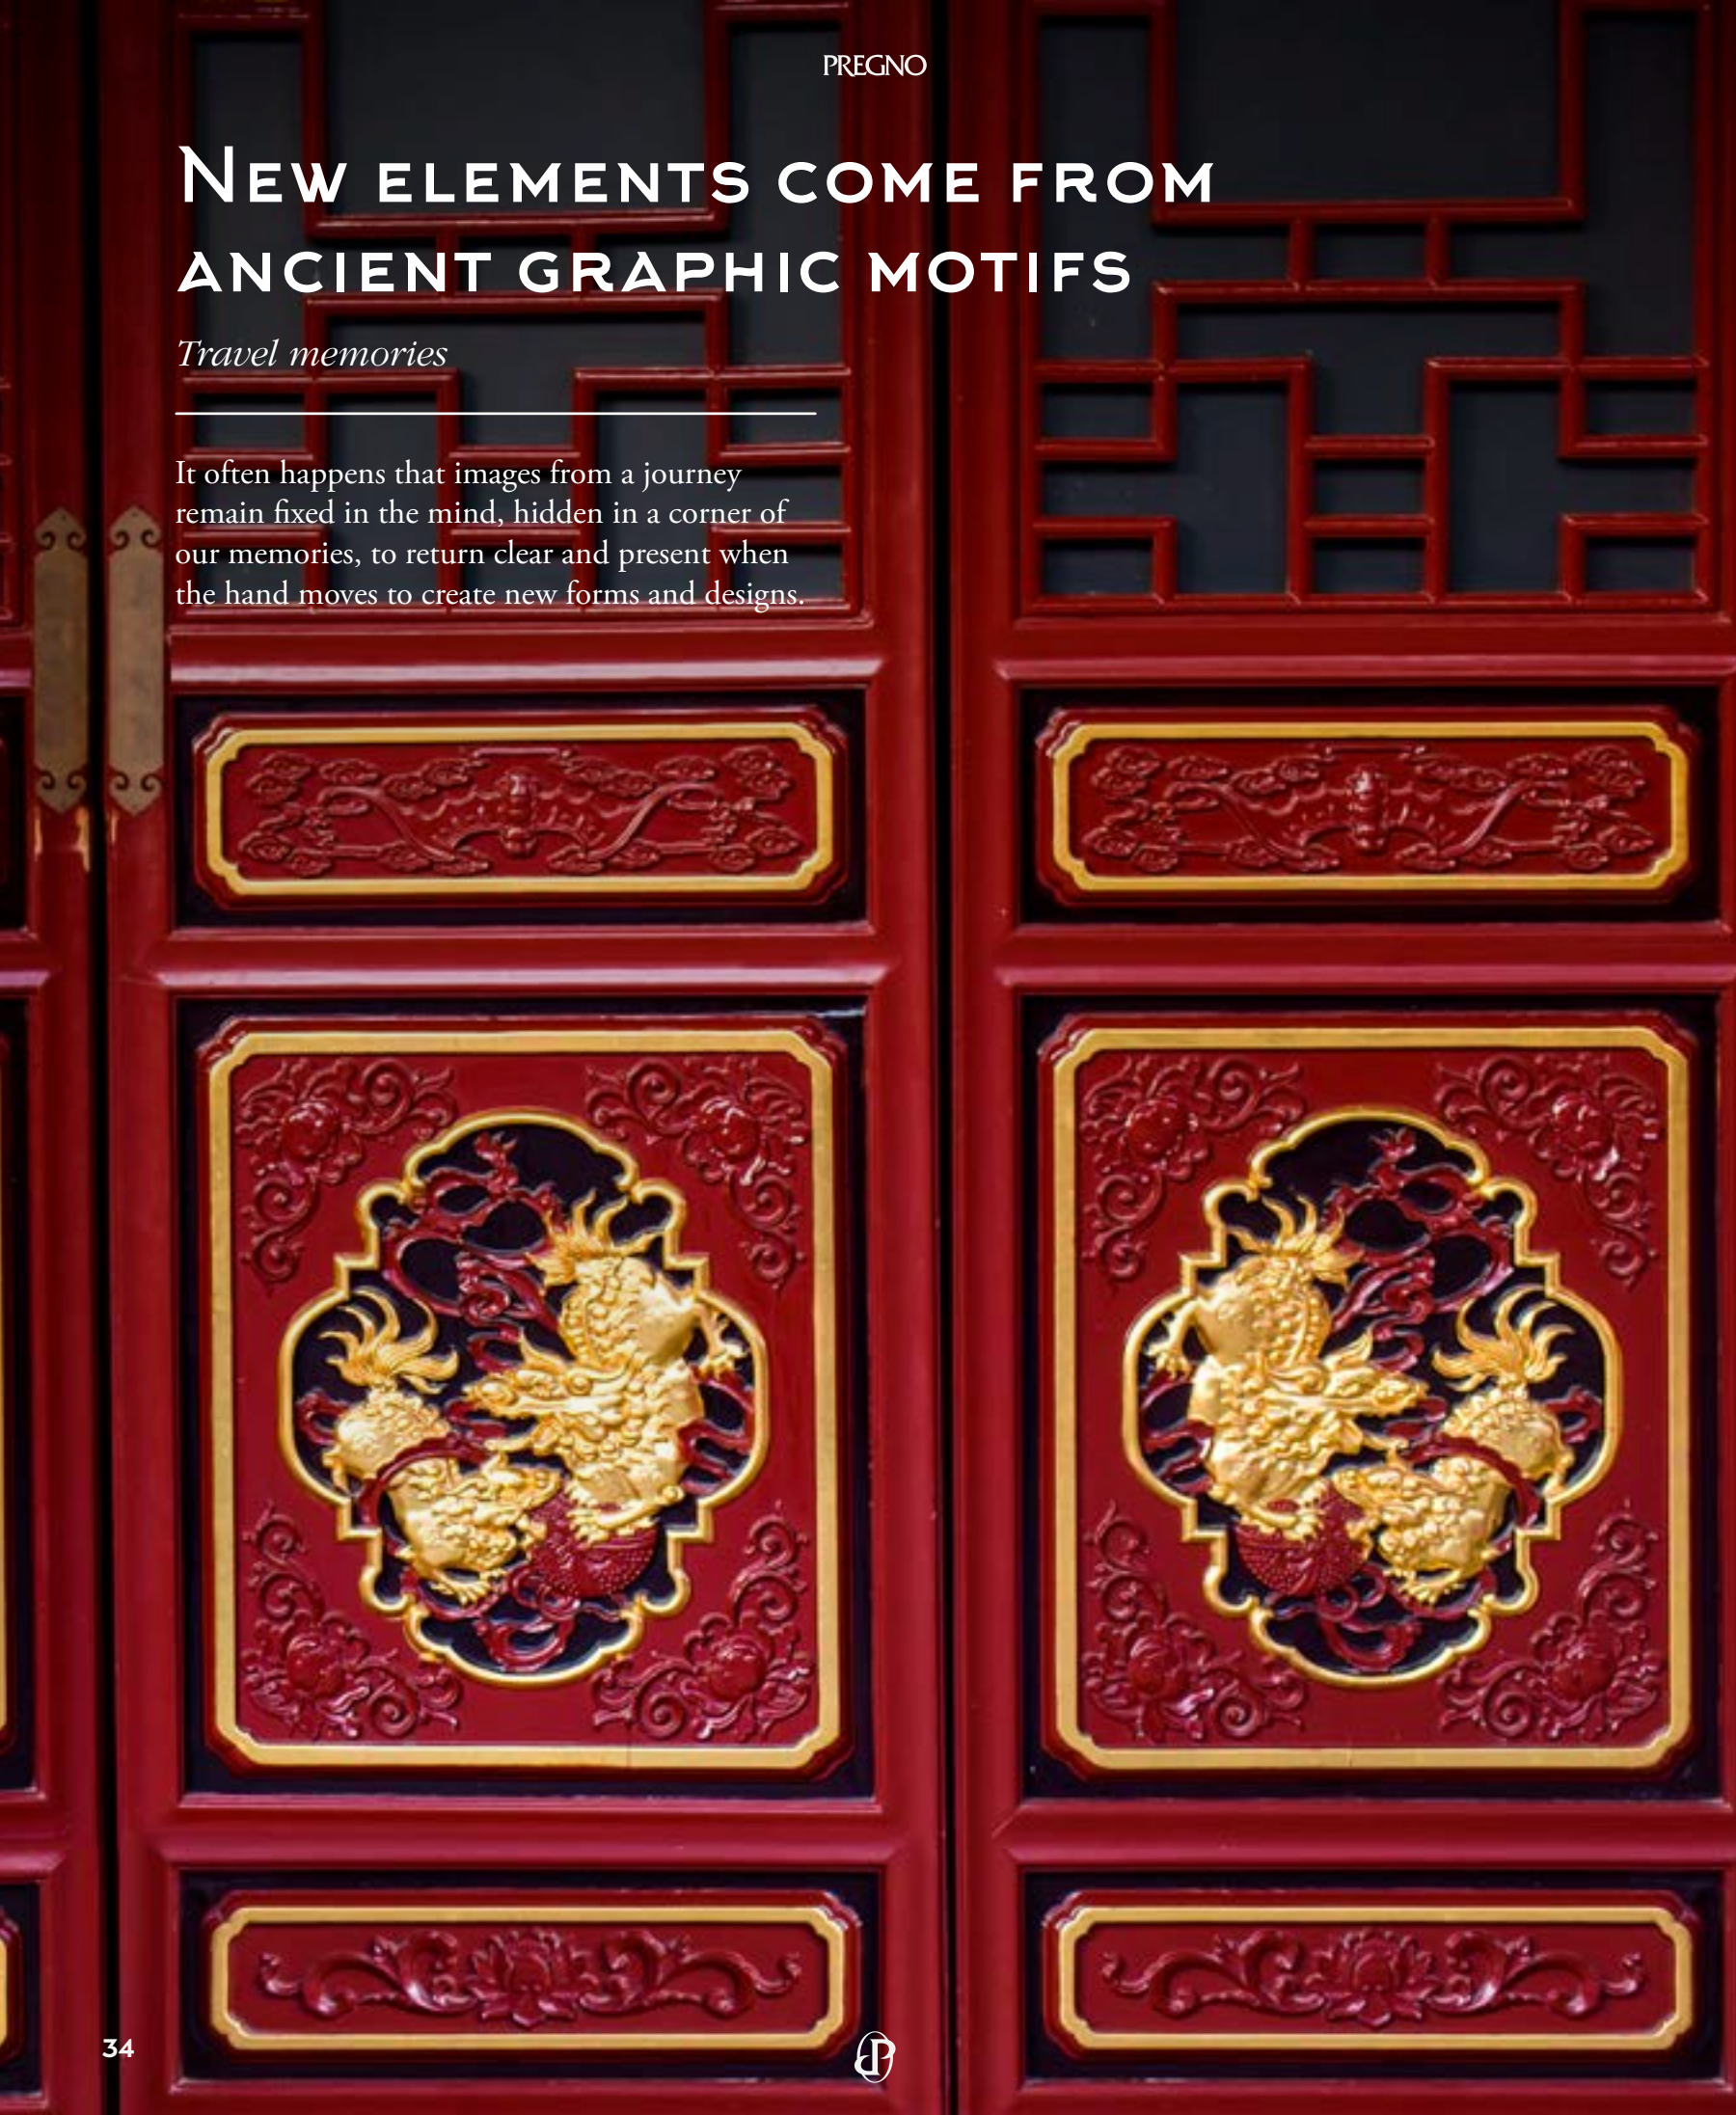

NEW ELEMENTS COME FROM ANCIENT GRAPHIC MOTIFS

Travel memories

It often happens that images from a journey remain fixed in the mind, hidden in a corner of our memories, to return clear and present when the hand moves to create new forms and designs.

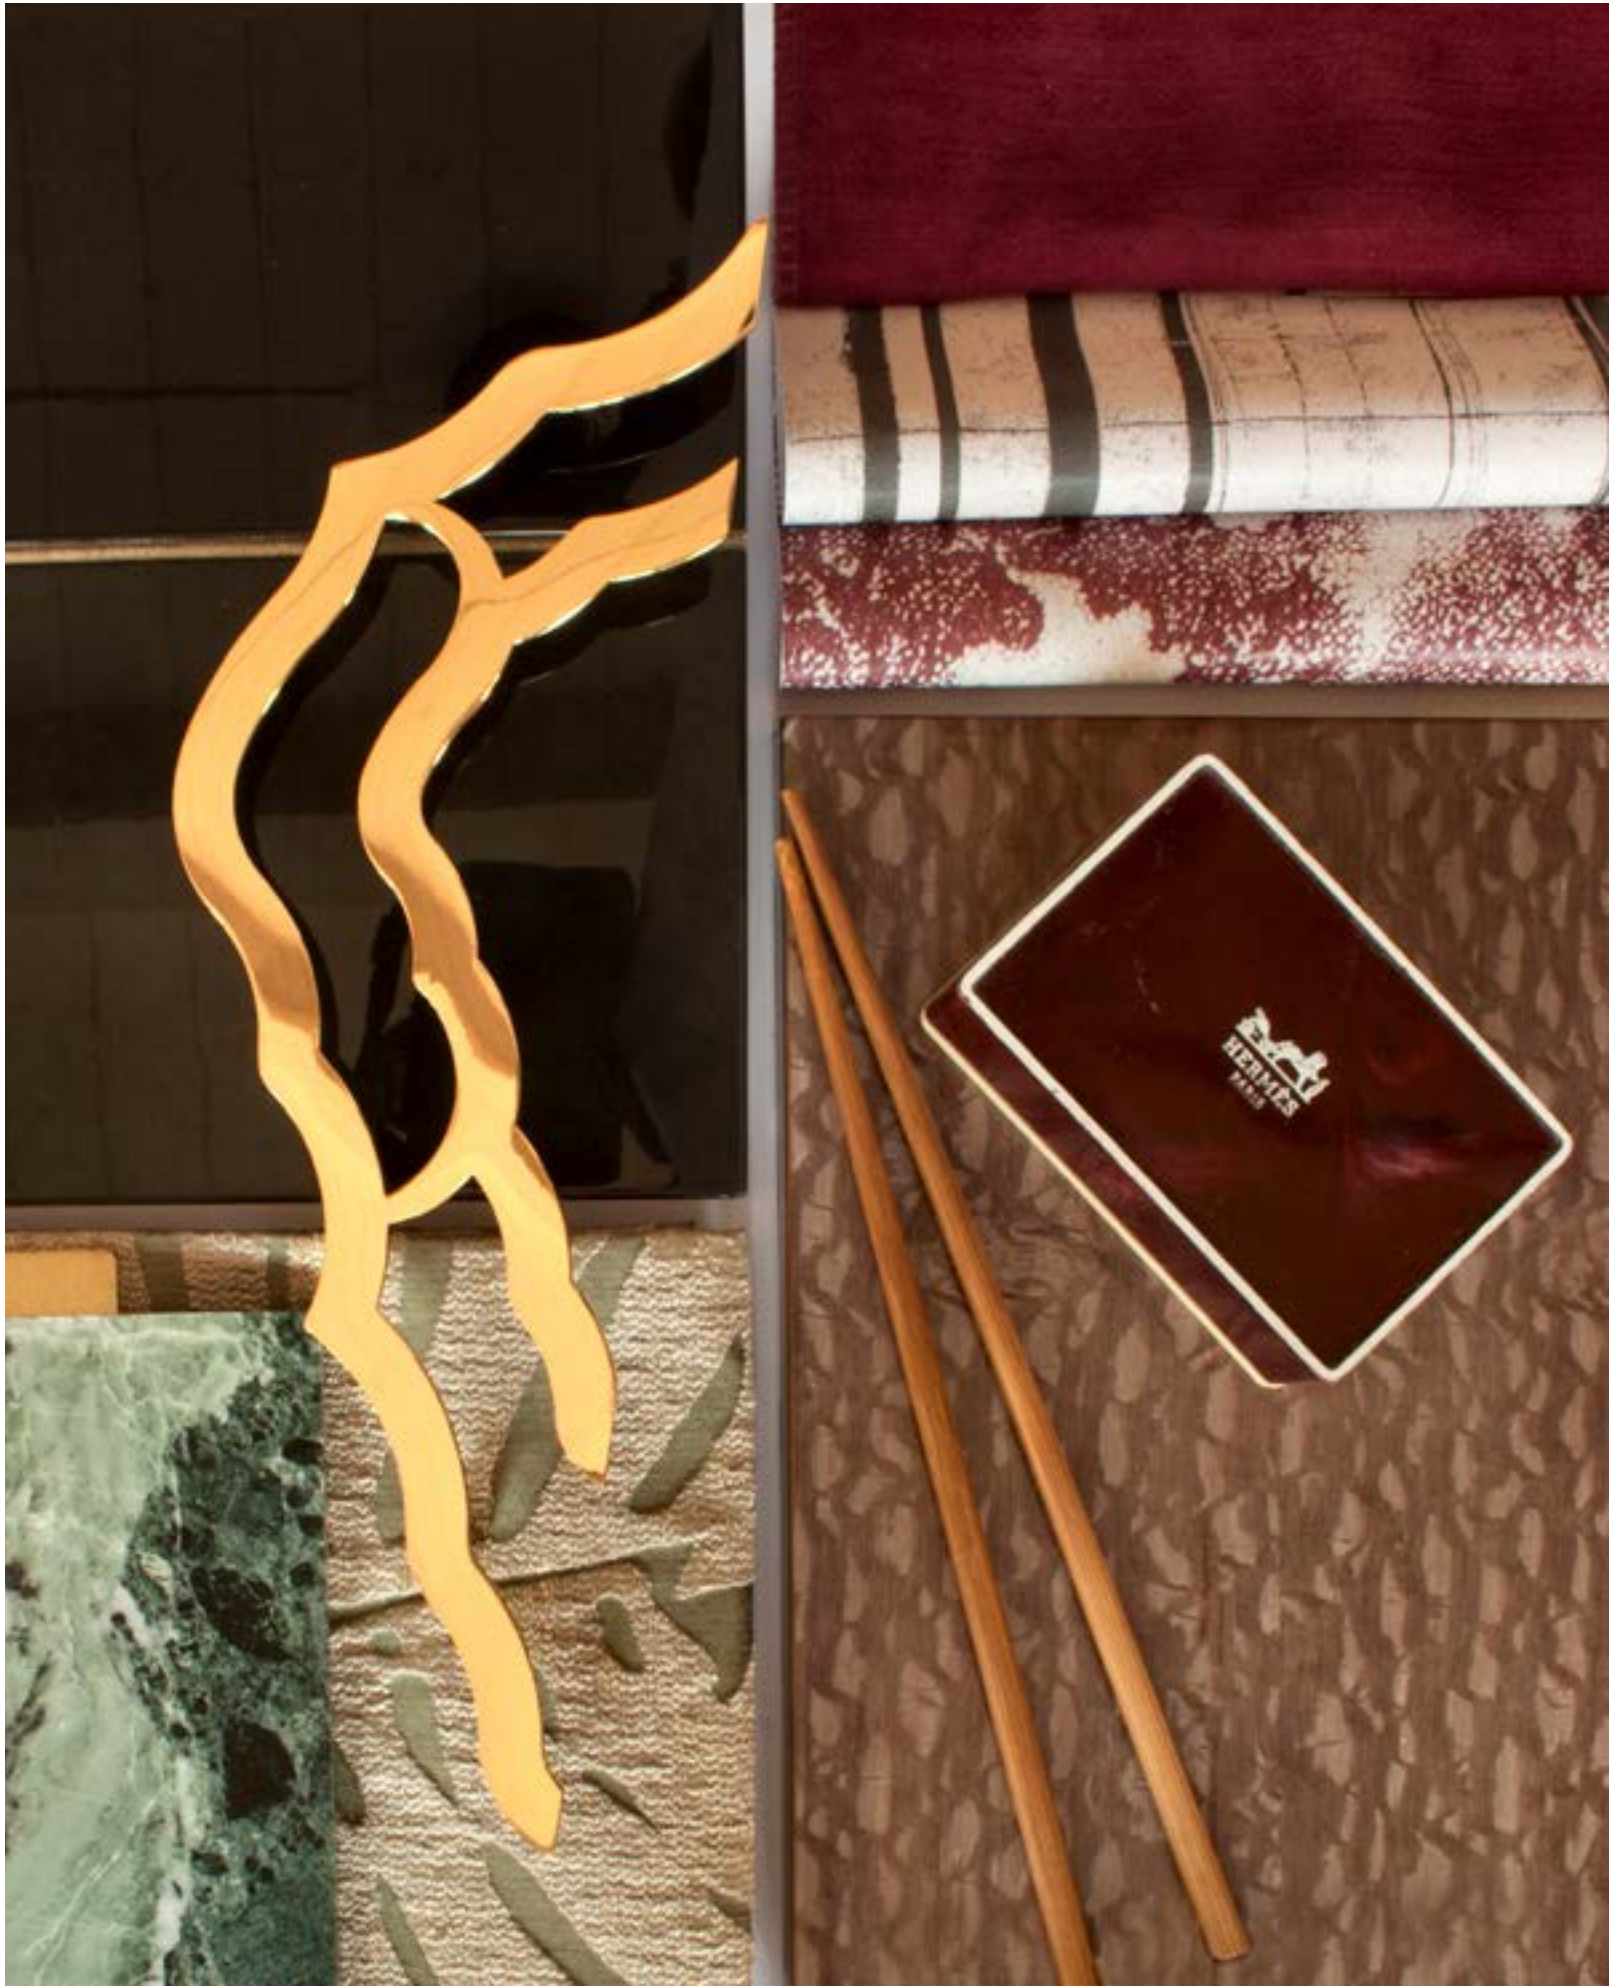

LIKE TRADITIONAL DRESS

the Veyron chest of drawers flaunts its beauty, mixing glossy black with details in a pale gold leaf.

A LITTLE LADY WHO LOVES DANCING AND BUTTERFLIES

"Don't run around chasing butterflies, the secret is to take care of your garden, and the butterflies will come to you".

The first time I met this girl I was struck by her mild yet curious expression. As we chatted, I learned that dancing takes up a lot of her time, but that her real passion has always been butterflies: soft, velvety and brightly coloured. I designed a dream room for her, with a large, soft bed in pink velvet, light-coloured furniture with gentle, elegant lines and coordinated fabrics featuring butterflies and the colour pink. I created recesses covered with pale leather to keep her most precious objects and memories. In the center of the room I placed a real cloud of glass butterflies so that she could fall asleep every night in her favorite dream.

This beautiful chandelier is made up of hundreds of butterflies hanging from fine steel wires which can make any room special.

A CLOUD OF GLASS BUTTERFLIES

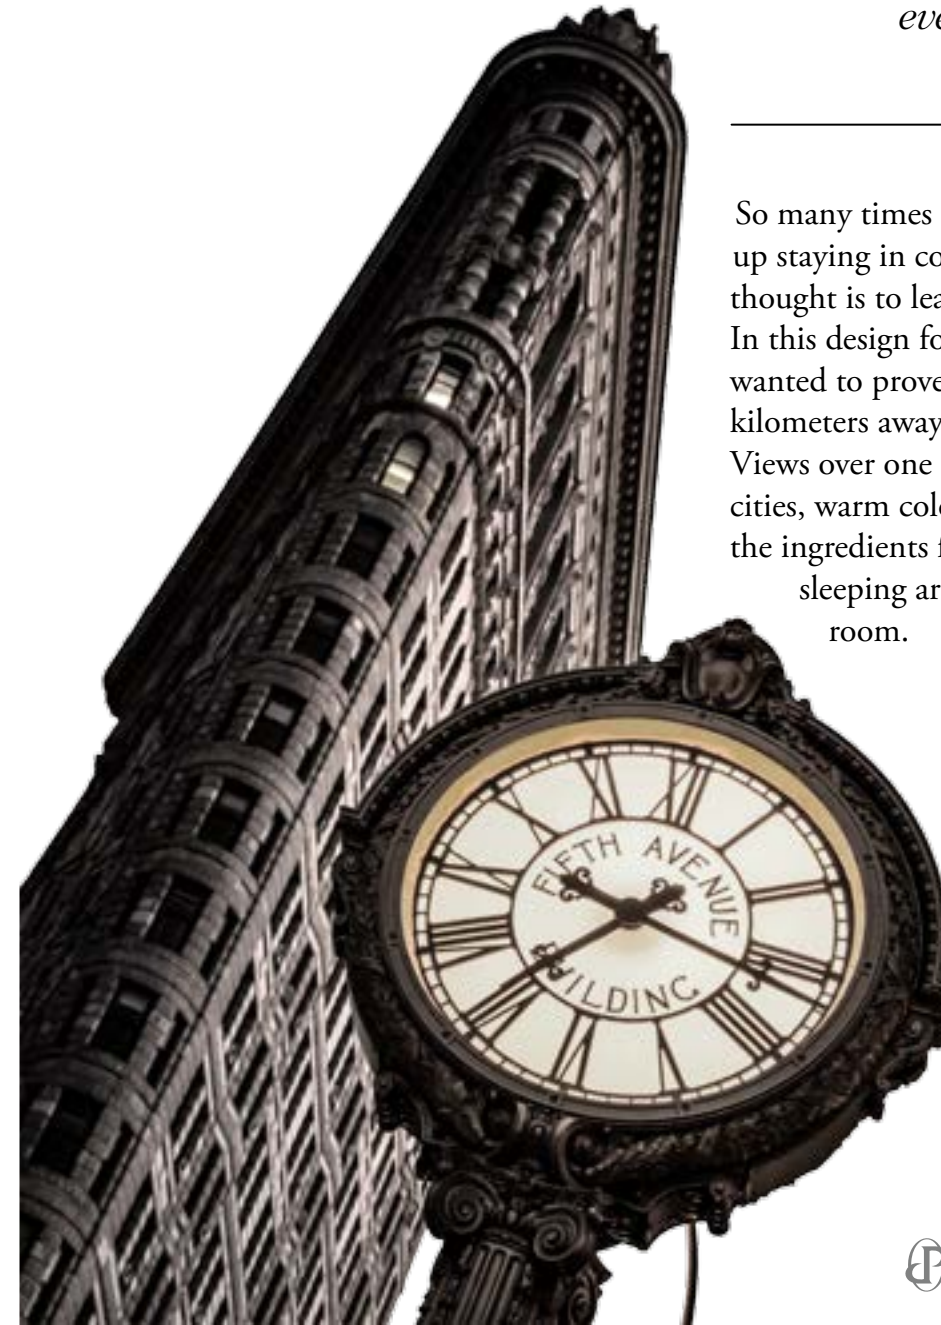

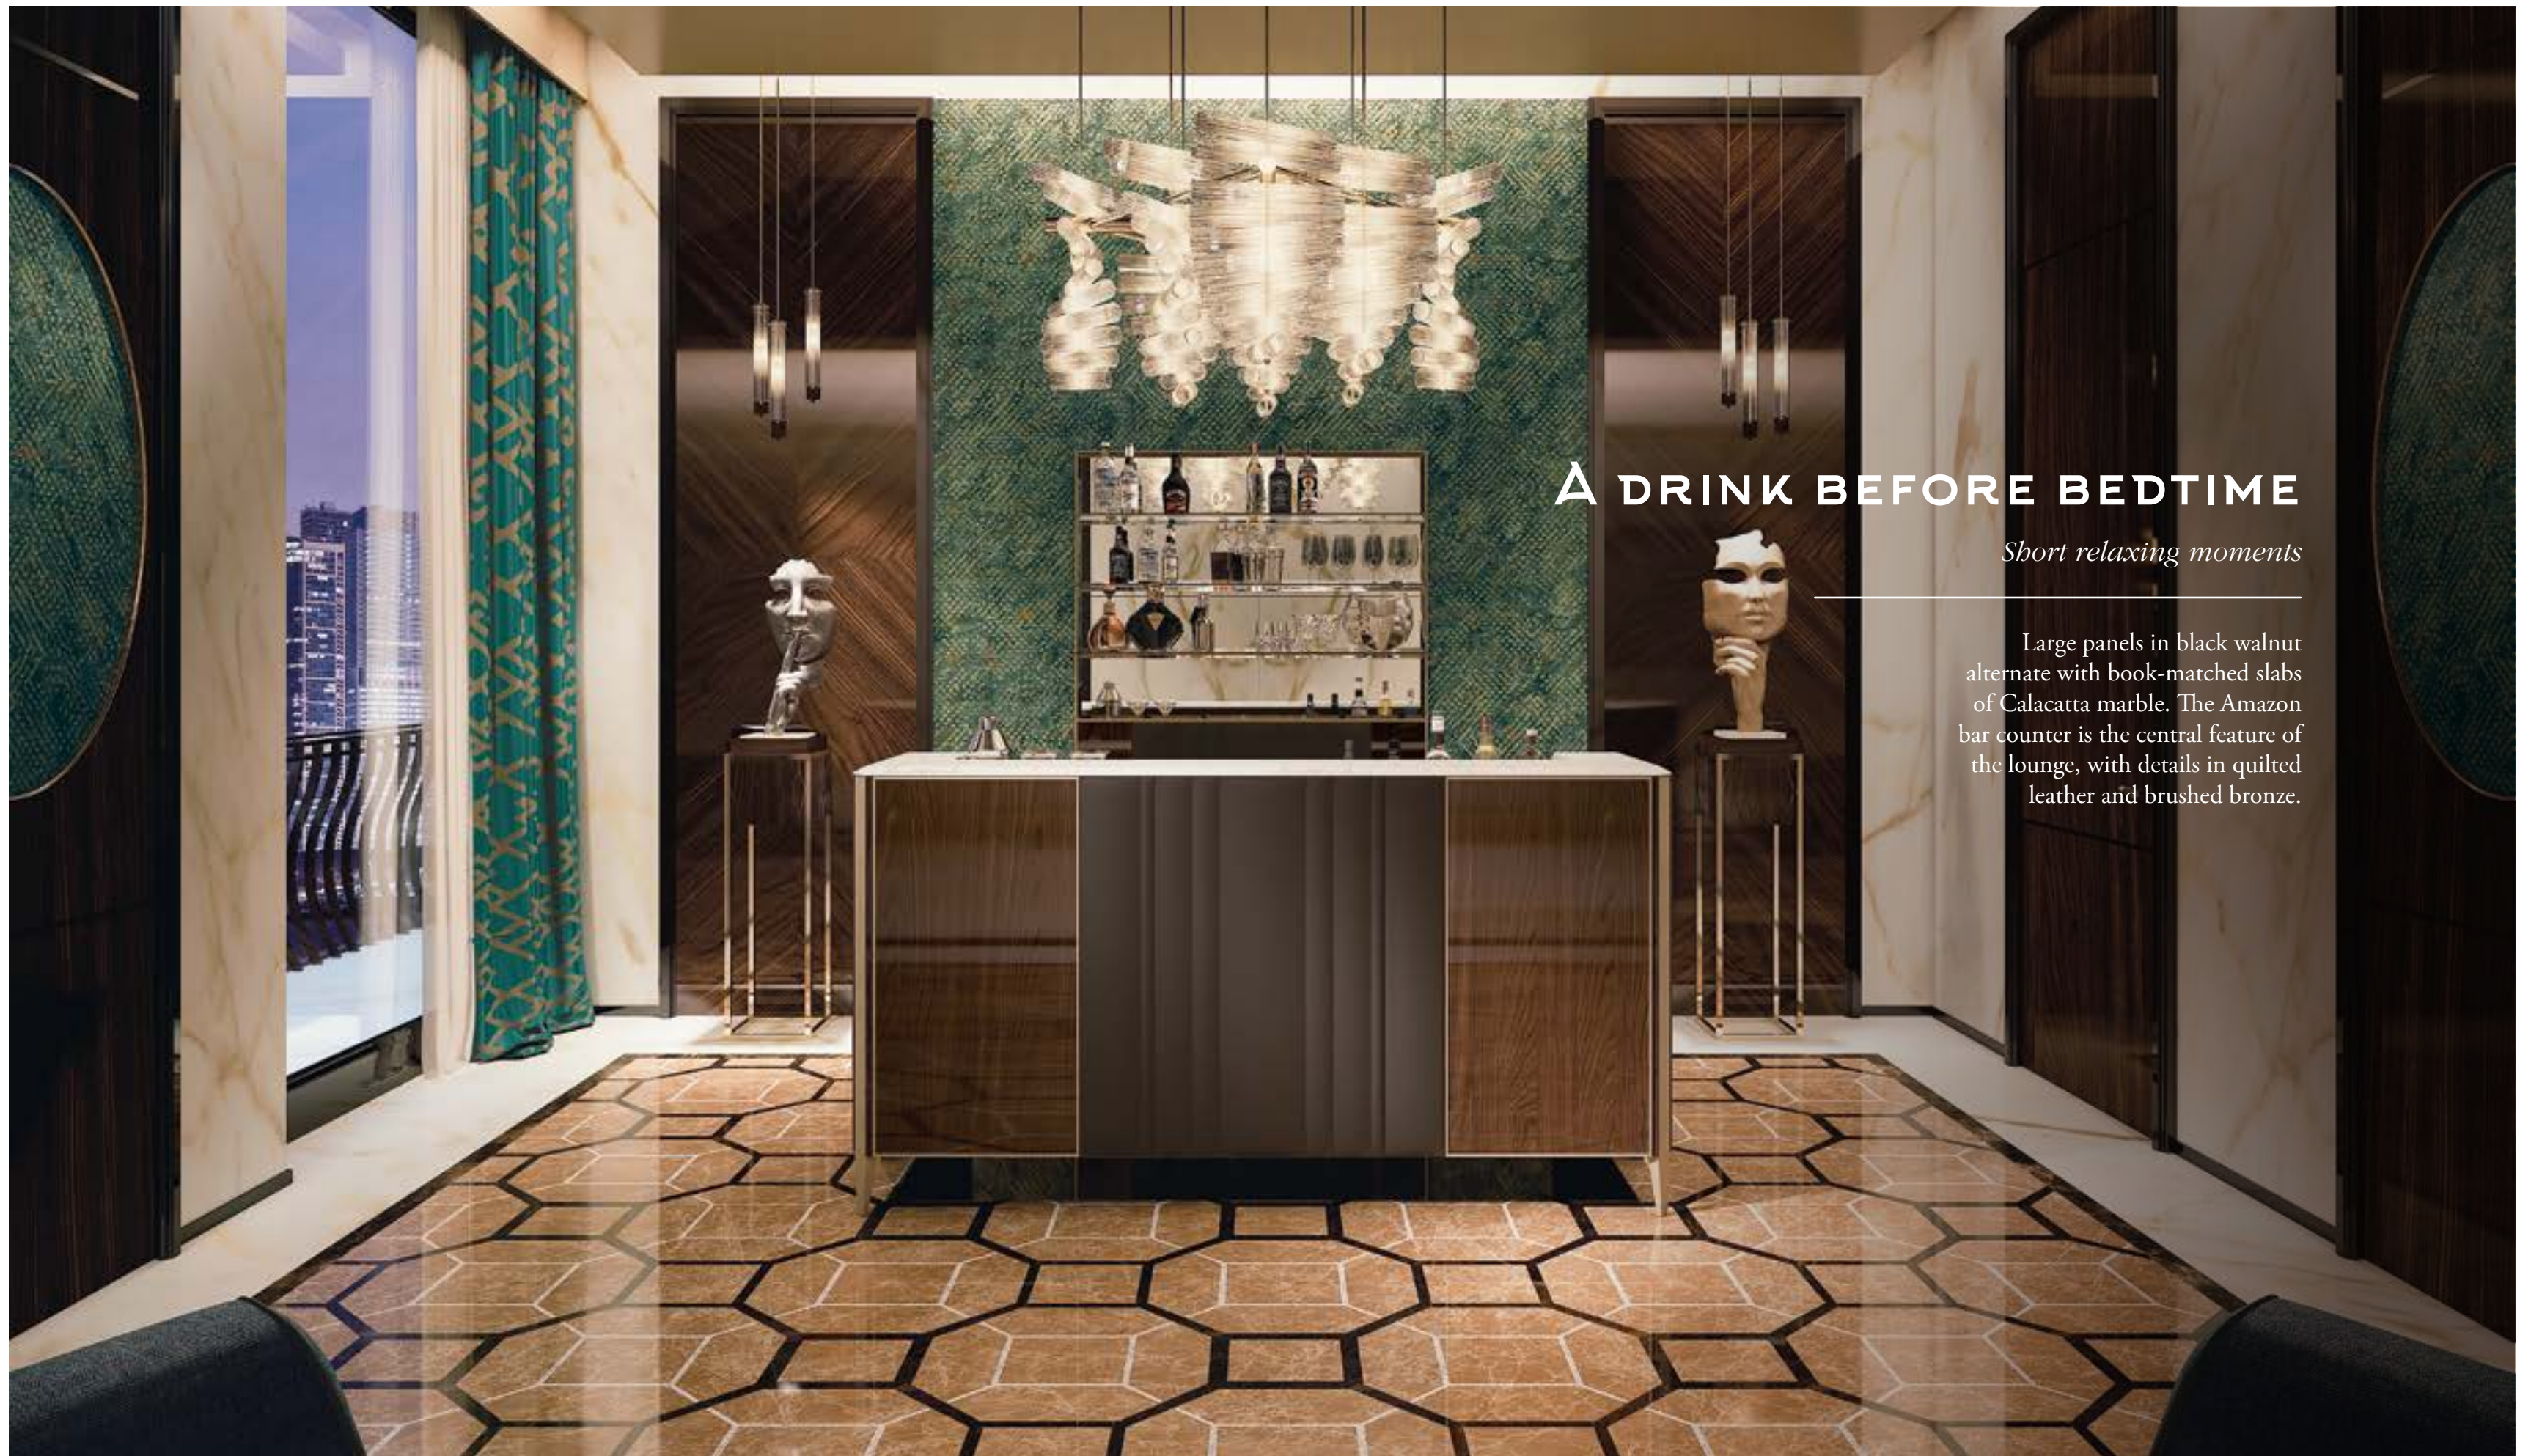

HOTEL SUITE AND PRIVATE LOUNGE

*Because it's important to feel at home
even when you are travelling*

So many times during my travels I have ended up staying in cold, banal hotels, where my first thought is to leave as soon as possible. In this design for some suites in a luxury hotel, I wanted to prove that even a room thousands of kilometers away can be “home” for a few days. Views over one of the world’s most splendid cities, warm colours, black walnut and leather are the ingredients for this ideal suite, consisting of sleeping area, lounge with bar and dressing room.

A DRINK BEFORE BEDTIME

Short relaxing moments

Large panels in black walnut alternate with book-matched slabs of Calacatta marble. The Amazon bar counter is the central feature of the lounge, with details in quilted leather and brushed bronze.

Next to the Amazon bar cabinet in black walnut and quilted leather, I placed two Penelope armchairs with outer body in leather and upholstered in fine fabric.

HIDDEN DETAILS

I like my clients to get a surprise when they open a Pregno item of furniture. No detail is neglected, from exquisite coverings inside to designer hardware.

A VIEW OF THE CITY BEFORE NIGHT FALLS

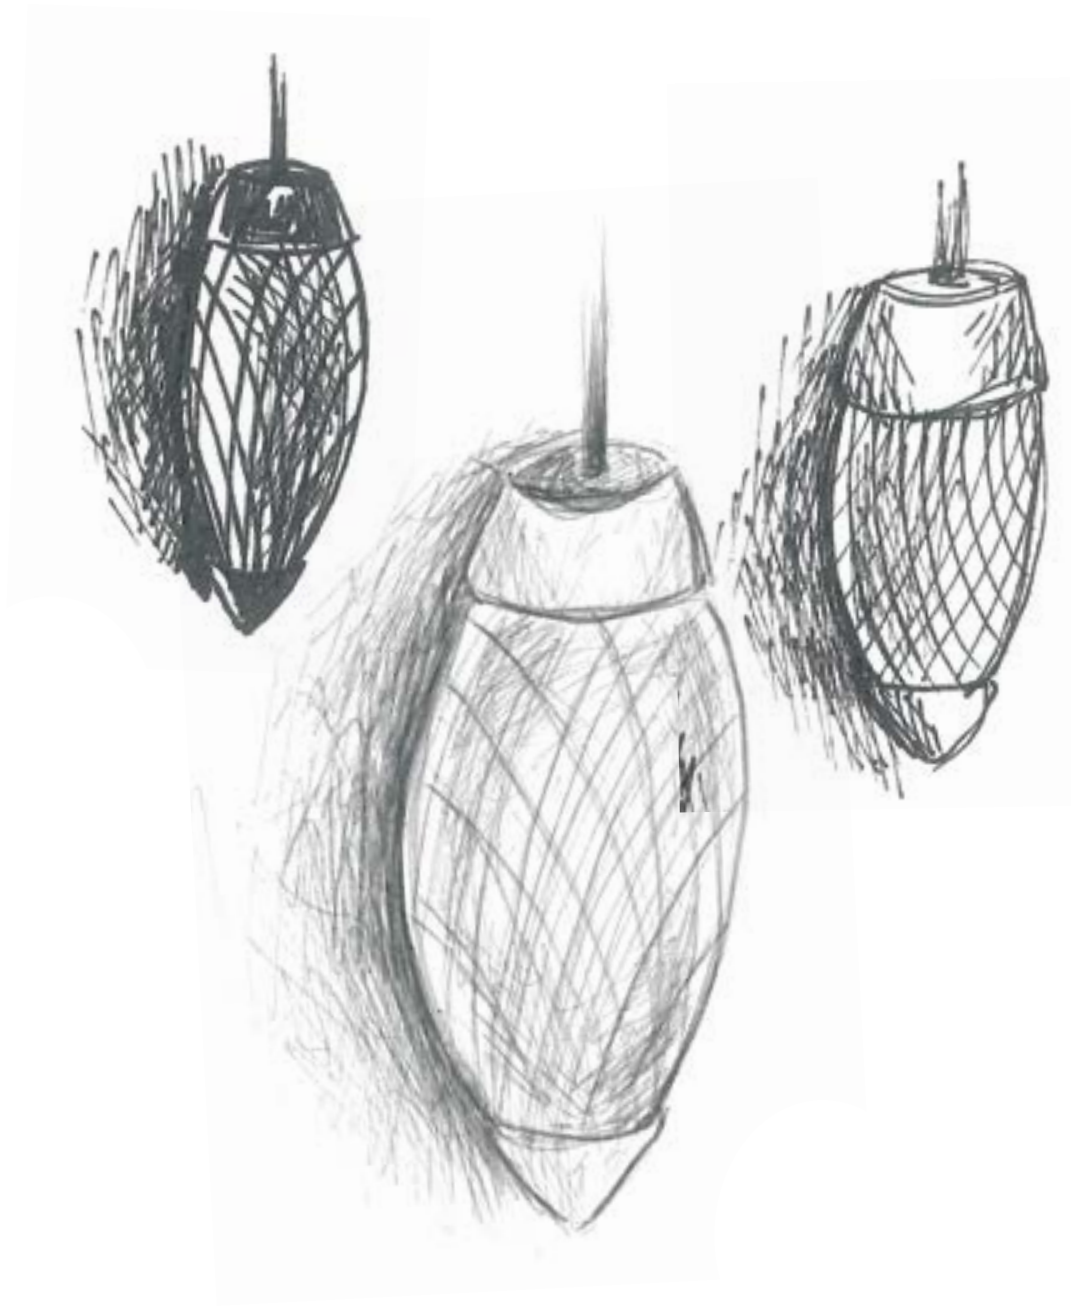

From the 30th floor the view of the city is breathtaking, and a small and comfortable relaxation area is the ideal place to sip a drink and enjoy this privilege.

TRACES OF DESIGN

are visible on the furniture in the form of metal components or embroidered leathers.

A NEST OF LIGHT

An endless twist of brushed bronze wires makes up the Cage lamp.

The Amazon chest of drawers has a contemporary, geometric style, with lacquered body, drawers covered with quilted leather and the top in leopard wood.

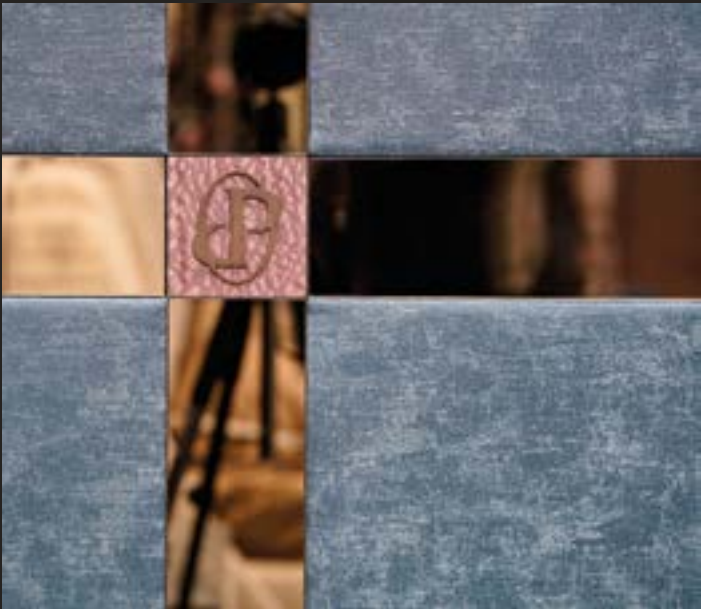

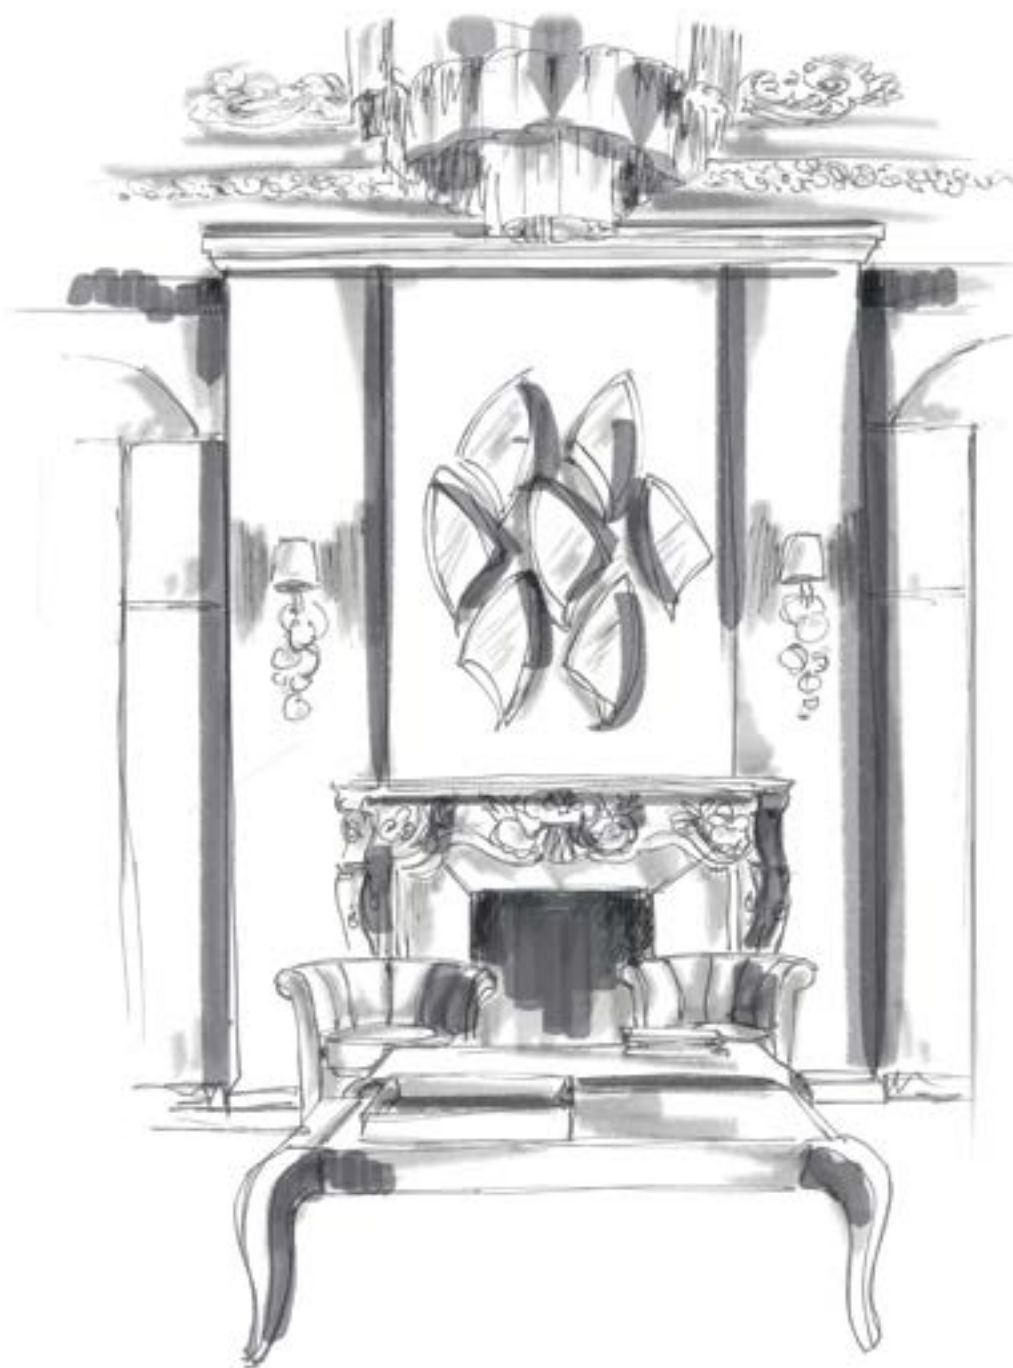

A UNIQUE COMBINATION

of materials, colours and details gives an unmistakable appeal to the walk-in closet, especially tailor-made. This expresses the unique and inimitable Pregno style.

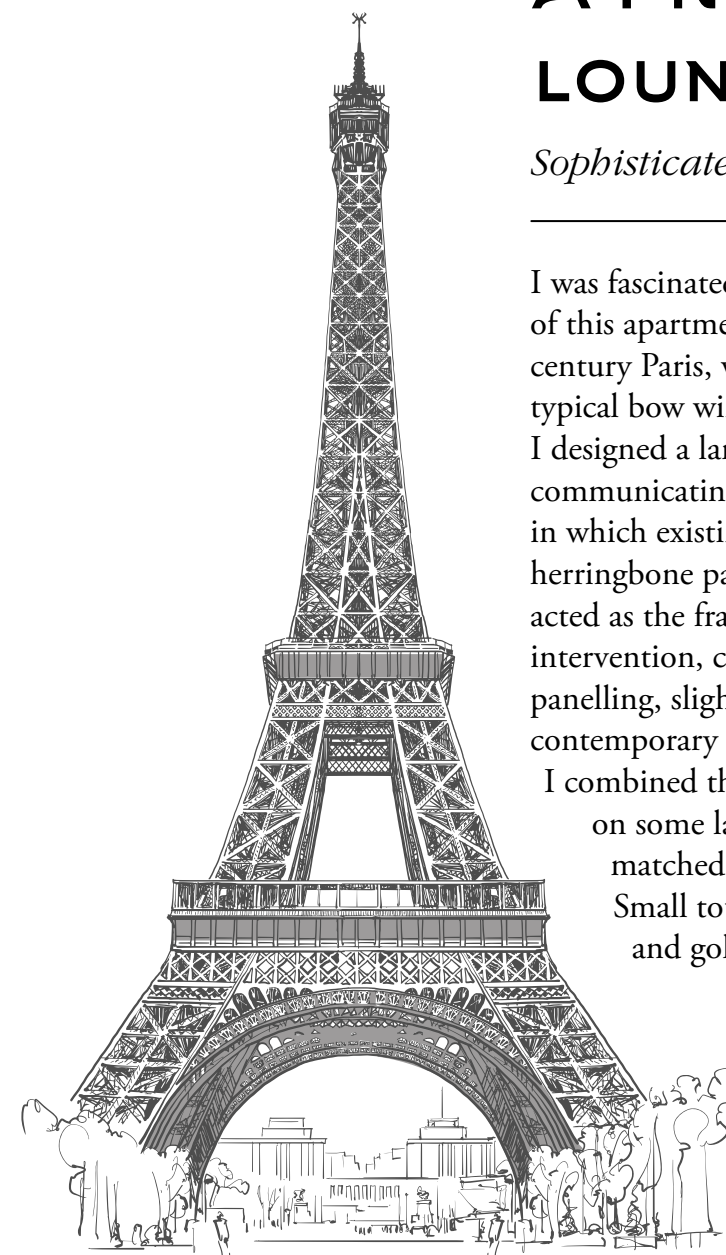

A FRENCH LOUNGE-DINING ROOM

Sophisticated Parisian atmospheres

I was fascinated by the large, bright rooms of this apartment in the heart of nineteenth-century Paris, with high stuccoed ceilings and typical bow windows.

I designed a large living area with communicating lounge and dining room, in which existing elements such as stucco, herringbone parquet and original windows acted as the framework for the new intervention, consisting of a refined play on panelling, slightly classical but with extremely contemporary clear lacquered finishes.

I combined the ebony and the olive ash burl on some large wall panels, which are matched with full-length bronze mirrors. Small touches of light and dark blue and gold in coordinated fabrics lent elegance and sophistication to the entire room.

The Zenit sofa table with a polished gold frame, a top in olive ash burl and an underlying part in black walnut with gilded decorations.

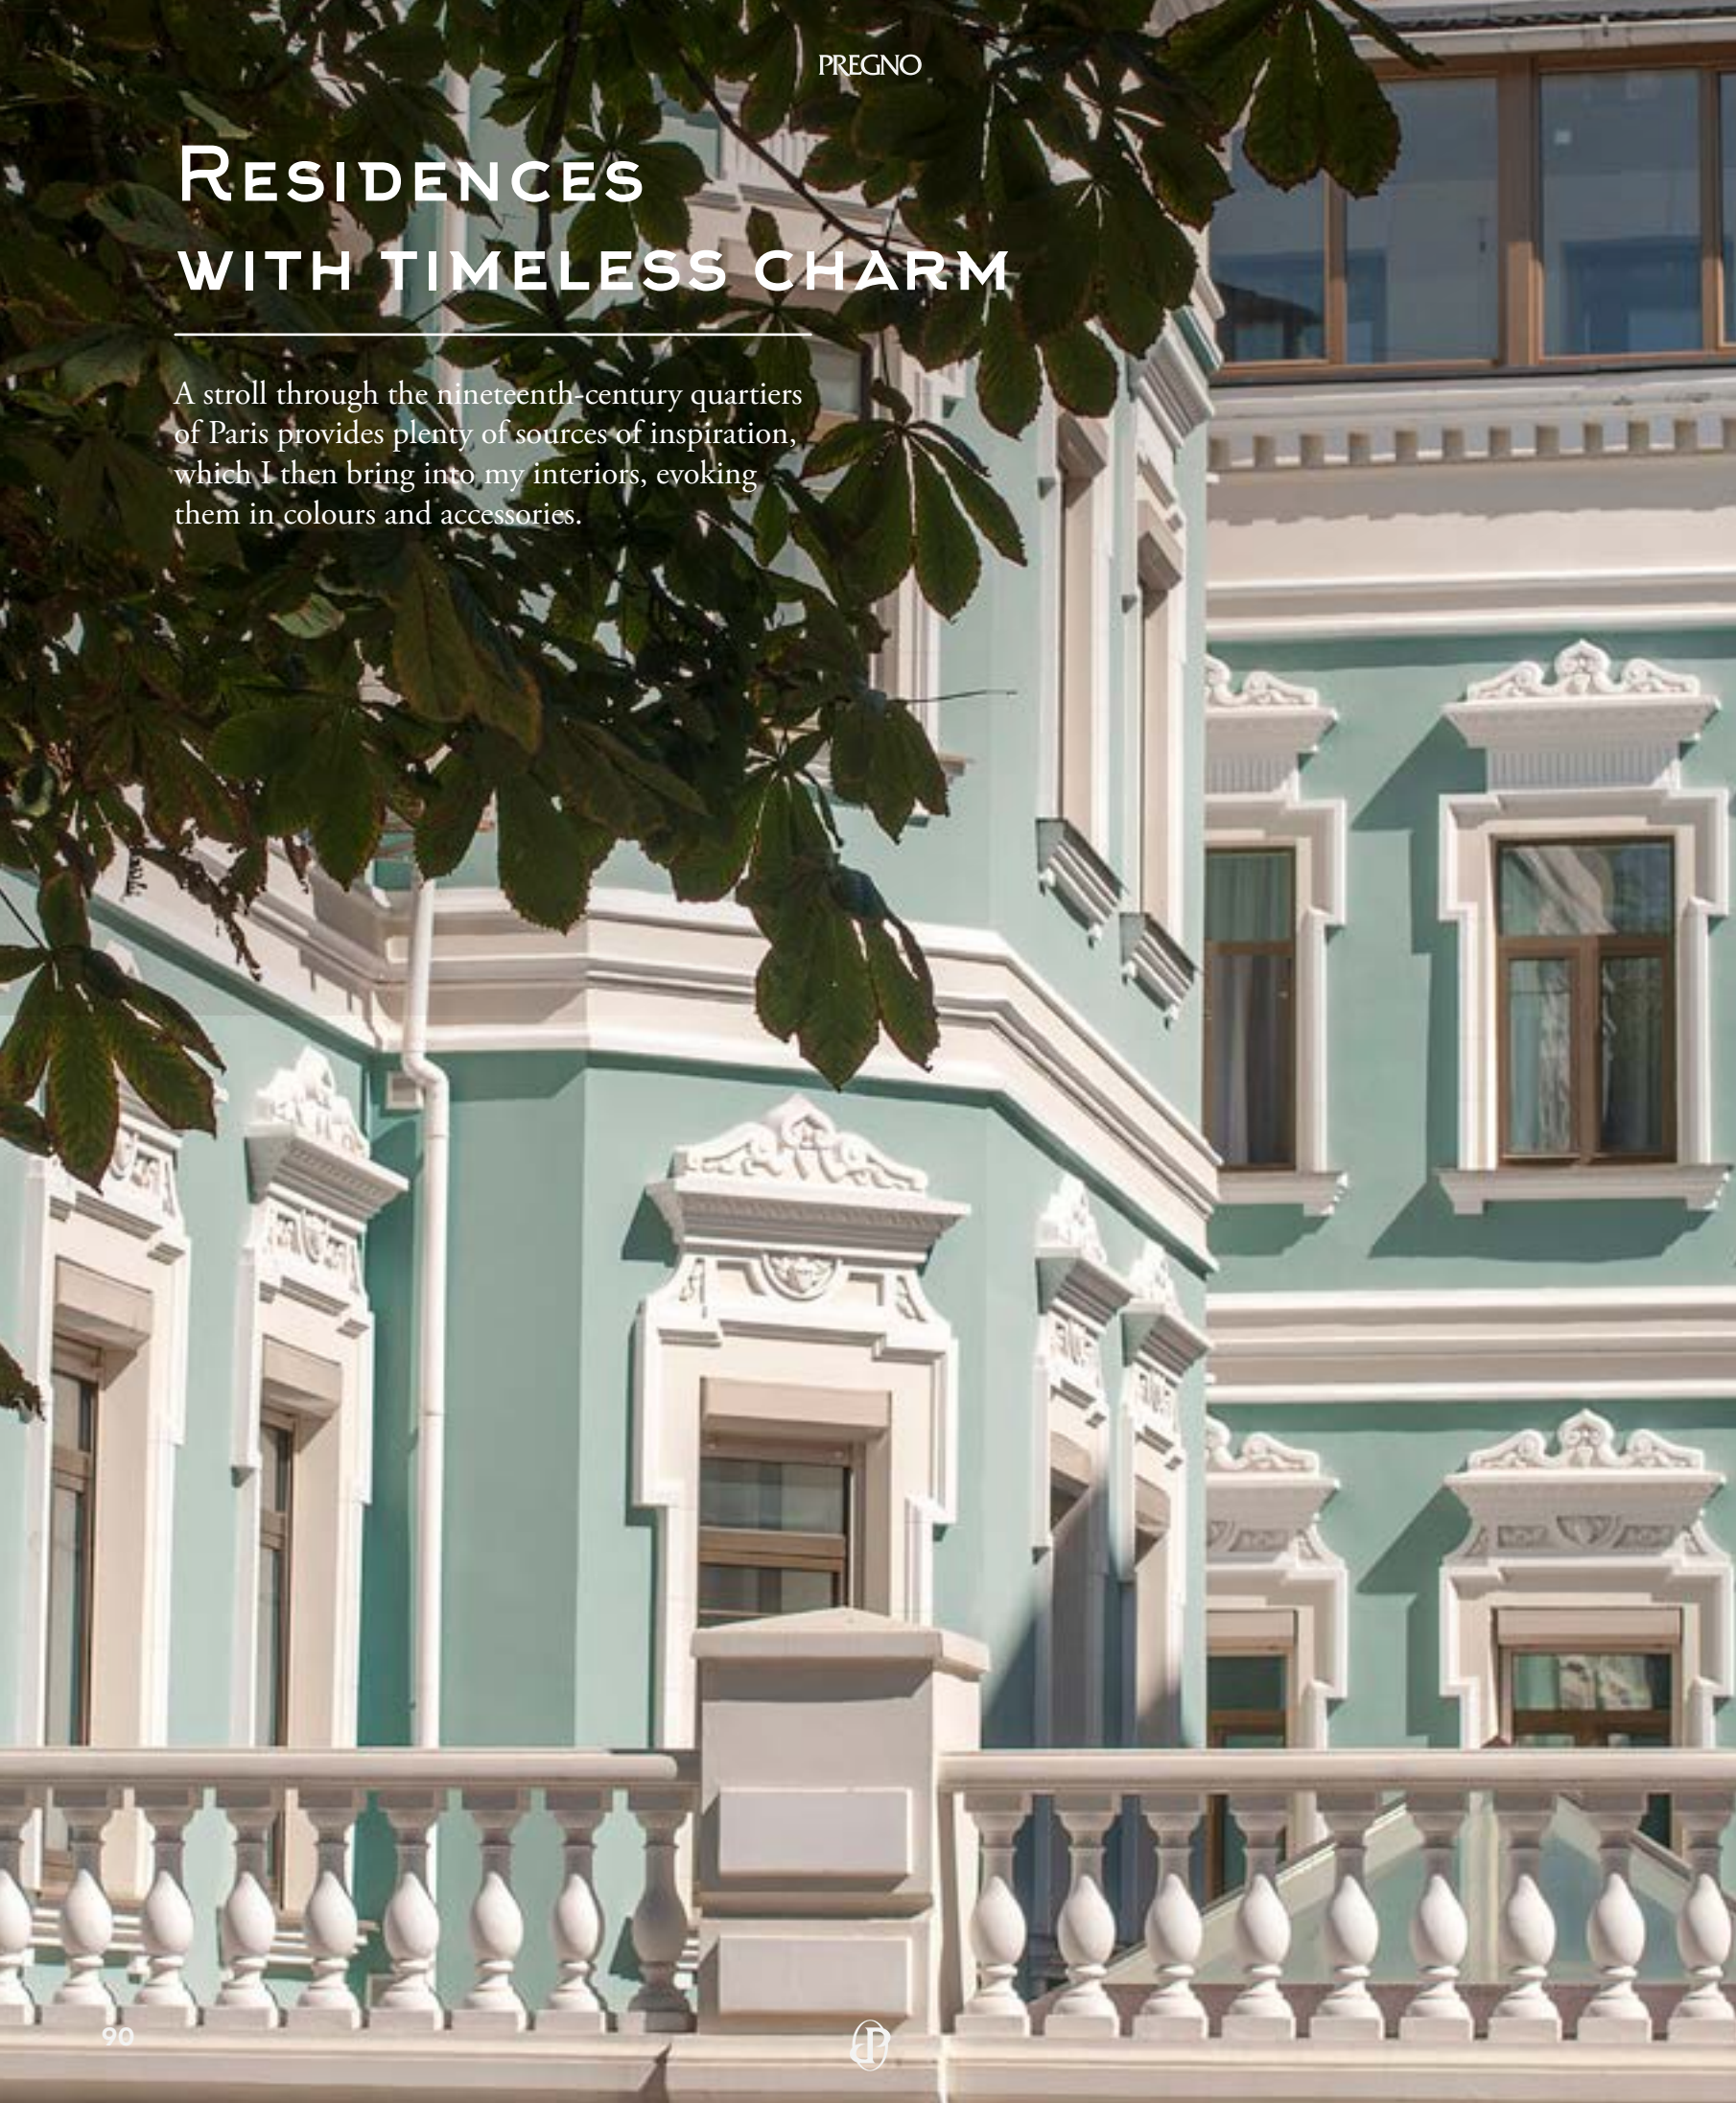

The back of the Blossom armchair opens like the petals of a flower, upholstered in a soft deep blue velvet and with olive ash burl inserts in the armrests.

RESIDENCES WITH TIMELESS CHARM

A stroll through the nineteenth-century quarters of Paris provides plenty of sources of inspiration, which I then bring into my interiors, evoking them in colours and accessories.

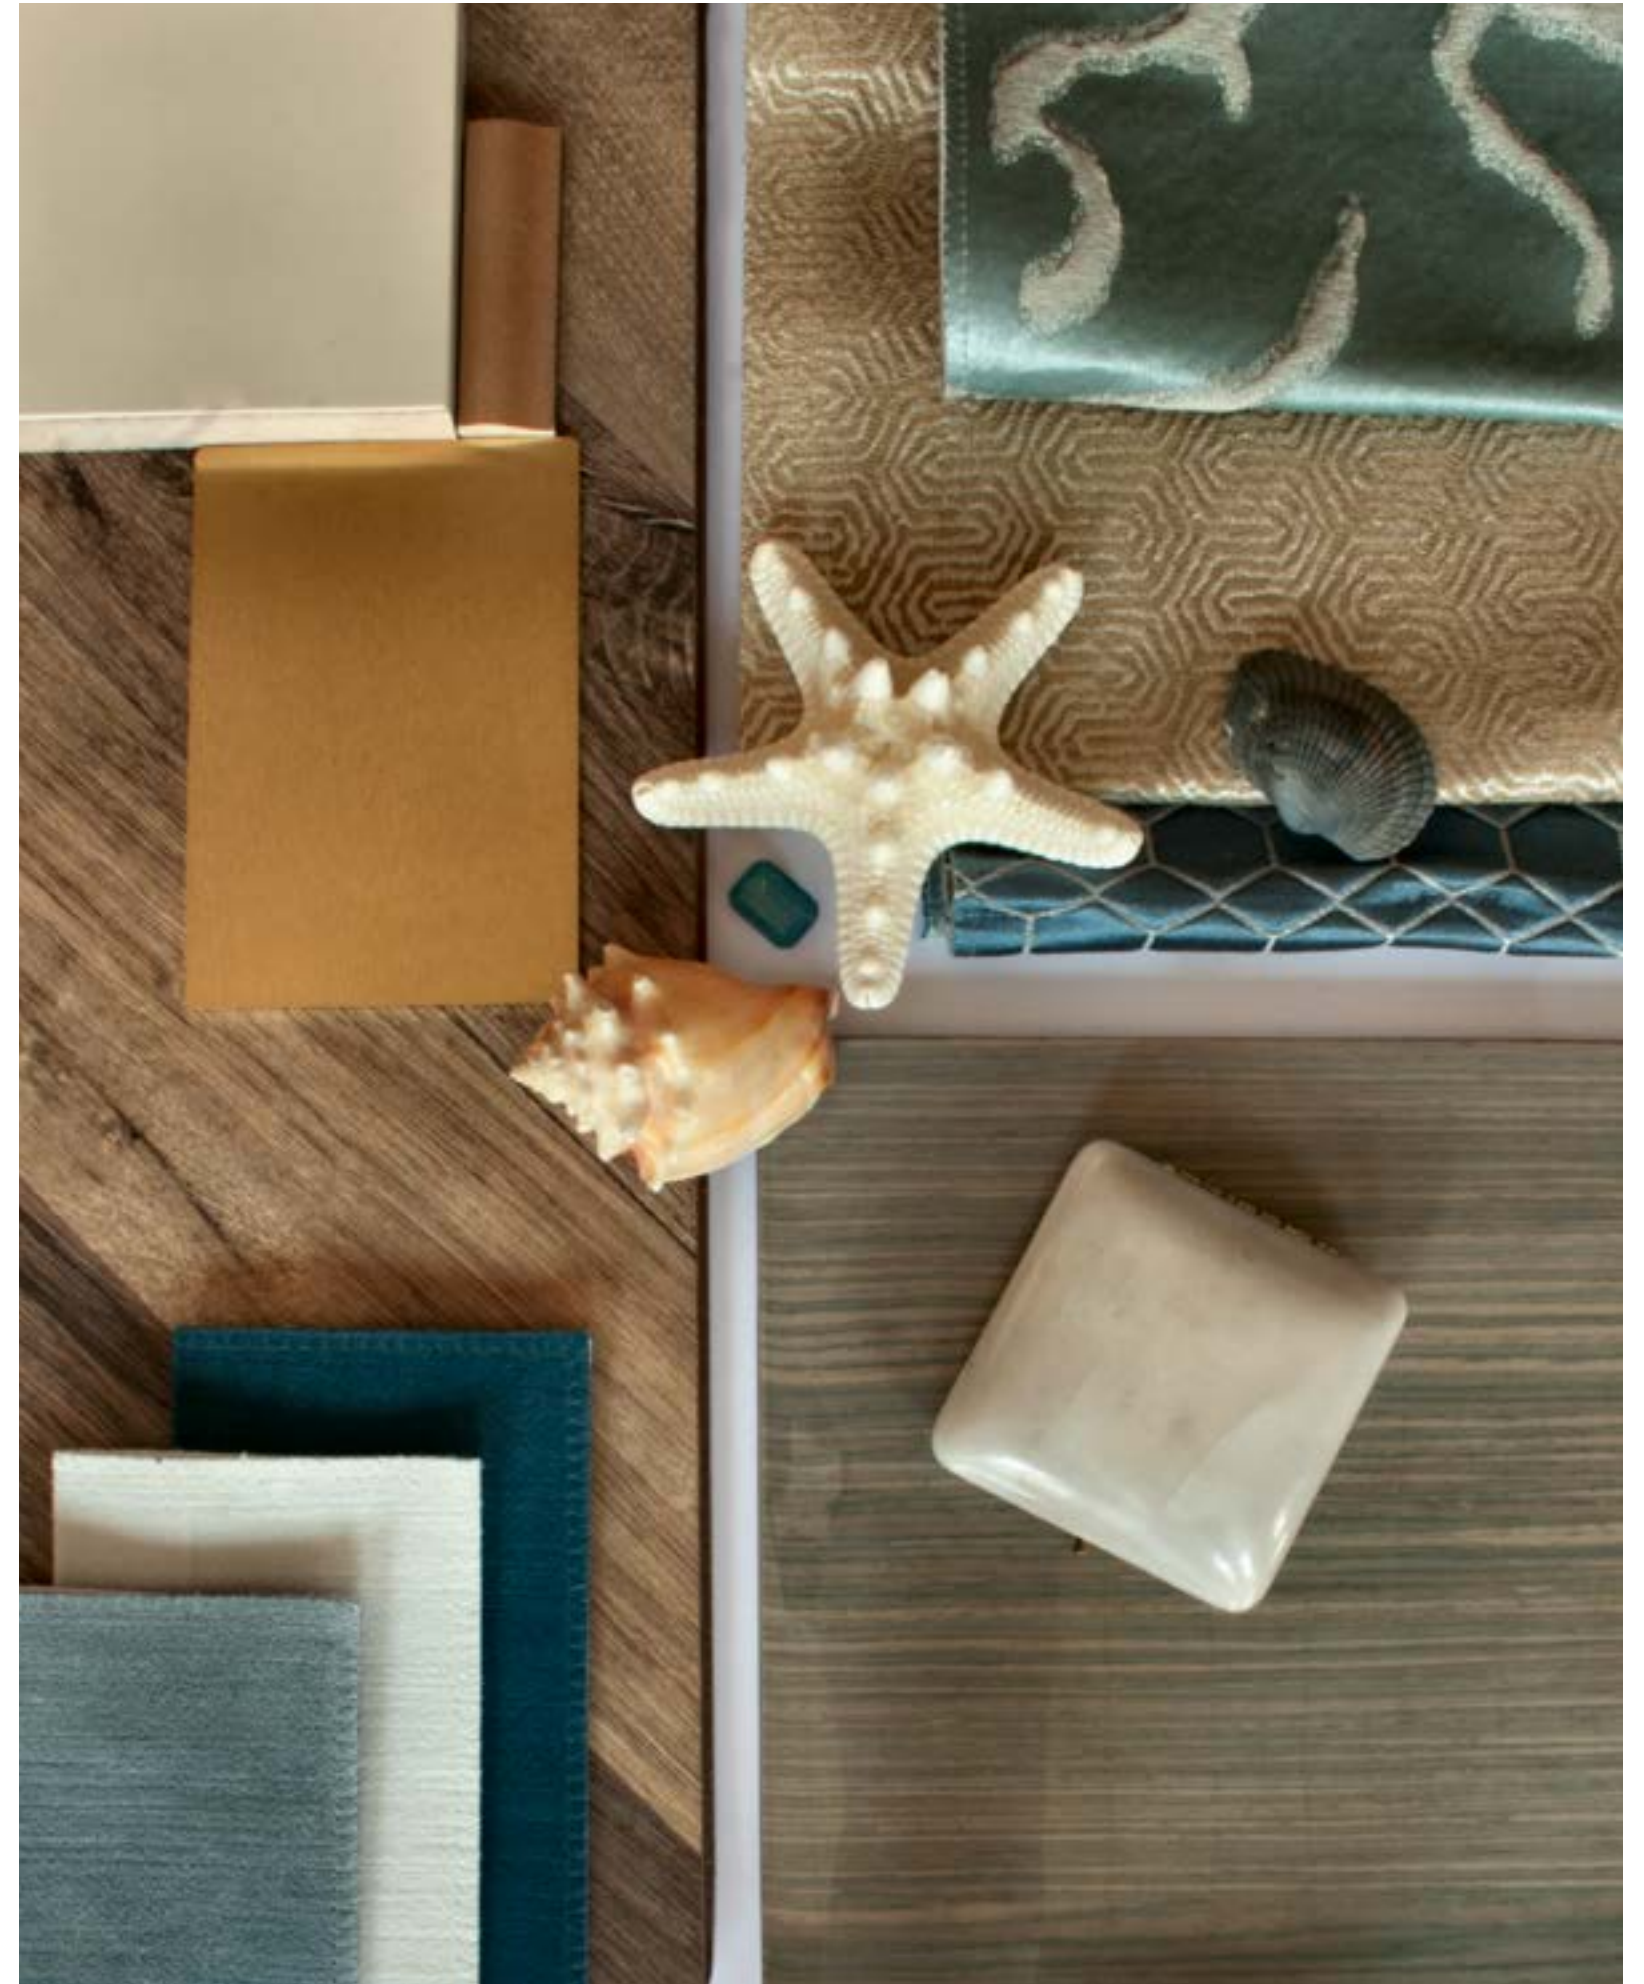

THE VEYRON DISPLAY CABINET

takes inspiration from classical shapes but shows a highly contemporary appeal, thanks to its almost streamlined decorations and the oval shape of the glass.

The most extraordinary version has details in gold leaf and mother-of-pearl.

MY SECRET PASSION FOR CINEMA

A shelter in the hills

I conceived this home as the ideal place to escape from the city and the frenzy of everyday life. The hills are as close as they are astonishing for their wonderful scenery and tranquility. Days flow lazily by and the bedroom becomes a cosy nest; many hours are spent on a comfortable sofa cultivating a passion for classic movies or simply contemplating the landscape while sipping a glass of good wine.

BLACK AND WHITE CONTRASTS

Just like an old film

The vintage atmosphere of certain old films returns to life in this interior, characterized by walls paneled in dark ebony and light-coloured lacquered furniture.

LIKE RIPPLES IN THE WATER

Detail of the shapely leather-covered front of the
Veyron chest of drawers

PRECIOUS WOODS

such as olive ash burl, are processed by the skilled hands of our craftsmen to create wonderful designs on furniture.

SHE'S A FASHION VICTIM

every woman's secret treasure chest

An exclusive gift for her, an entire room devoted to her love for fashion, shoes and accessories.
