CONTEMPORARY
Tables

STORIA, INNOVAZIONE, TECNICA, ESTETICA
Quattro cardini uniti insieme per rispondere ad un linguaggio del lusso contemporary. I tavoli sono protagonisti degli spazi del vivere e diventano elemento di attrazione e di forte presenza scenica.
La cura di innumerevoli dettagli e le lavorazioni artigianali, unite alla capacità di essere industriali nei processi esaltano la creatività, l'eleganza e il design, in equilibrio fra tradizione e innovazione.

HISTORY, INNOVATION, TECHNIQUE, AESTHETICS
Four cornerstones joined together to respond to a language of contemporary luxury. Tables are the protagonists of living spaces and become an element of attraction and a strong stage presence.
The attention to countless details and craftsmanship, combined with the ability to be industrial in the processes, enhance creativity, elegance and design, in balance between tradition and innovation.

DESIGN
Tables

I tavoli “Disegno” non passano inosservati e come da tradizione hanno un forte connotato innovativo.
Sono tavoli che si distinguono per la leggerezza di linea e di forma e, come da tradizione Reflex, sono prodotti dove la funzione e la forma si uniscono in un unico prodotto altamente tecnologico.

The “Disegno” tables do not go unnoticed and, according to tradition, they have a strong innovative hallmark.
They are tables that stand out for the lightness of line and shape and, as per Reflex’s tradition, they are products where function and form come together in a single highly technological product.

ART
Tables

Art come Arte, arte come la capacità dell'uomo di esaltare il proprio talento del saper fare. Con i tavoli ART, Reflex mette in atto il talento di inventare opere che hanno tradizione, tecnologia e artigianalità allo stesso tempo.
I tavoli hanno una grandissima linea espressiva, mettono in mostra la capacità di modellare il vetro e plasmarlo, solo come Reflex è in grado di fare.

Arte as Art, art as the man's ability to enhance his talent for know-how. With the ART tables, Reflex puts into practice the talent of inventing artworks that have tradition, technology and craftsmanship at the same time.
The tables have a great expressive line, showcase the ability to shape glass and model it, just as Reflex knows.

LOUNGE
Tables

I tavoli lounge sono la scelta ideale per creare ambienti lounge sofisticati e confortevoli negli interni. La loro altezza leggermente ridotta rispetto ai tavoli da pranzo standard li rende perfetti per momenti di relax informali o per conversazioni più intime. La combinazione di materiali di alta qualità e design impeccabile li rende non solo funzionali, ma anche elementi di stile che arricchiscono l'ambiente circostante. Con il loro aspetto elegante e la versatilità nell'abbinamento con poltroncine o piccoli divani, i tavoli lounge aggiungono un tocco di raffinatezza a qualsiasi spazio interno.

The lounge tables are the perfect choice for creating sophisticated and comfortable lounge environments indoors. Their slightly reduced height compared to standard dining tables makes them ideal for informal relaxation or intimate conversations. The combination of high-quality materials and impeccable design makes them not only functional but also stylish elements that enrich the surrounding environment. With their elegant appearance and versatility in pairing with armchairs or small sofas, the lounge tables add a touch of refinement to any indoor space.
