# DREAMCATCHER SOUL

*Design · Annalù*

Il design di questo specchio incorpora la struttura distintiva dei famosi dreamcatchers di Annalù, esaltandone sia la geometria rigorosa nel merletto specchiato alla base, sia la vivida cromia nelle centinaia di farfalle in vetro dipinto a mano che ricoprono la superficie.
Le farfalle si accendono con la luce, moltiplicandosi in vibranti e colorate onde luminose, creando un'atmosfera magica.

*The design of this mirror incorporates the distinctive structure of Annalù's famous dreamcatchers, enhancing both the rigorous geometry in the mirrored lace at the base, and the vivid color in the hundreds of hand painted glass butterflies that cover the surface.*
*The butterflies light up, multiplying in vibrant and colorful waves, creating a magical atmosphere.*

# DREAMCATCHER MORPHO

*Design · Annalù e R&C Reflex*

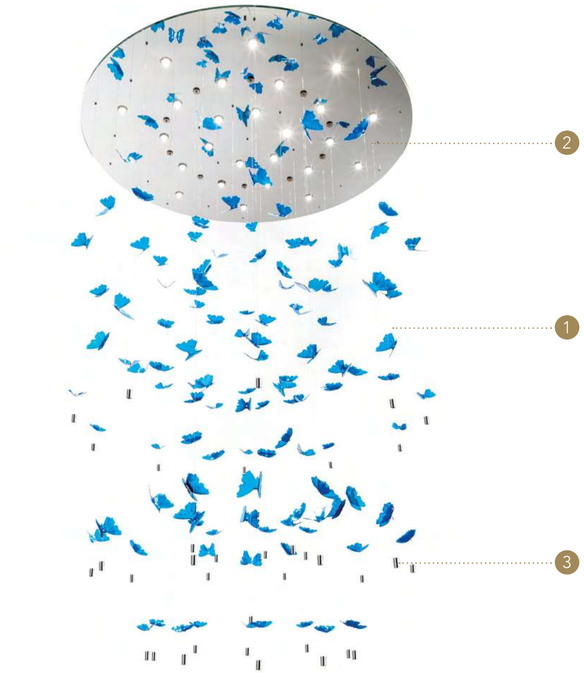

Dreamcatcher Morpho è un "dreamcatcher scomposto" di Annalù che sviluppa una composizione a caduta di centinaia di farfalle in vetro dipinto a mano, ognuna di dimensioni diverse.
Quest'opera crea una forte dinamicità grazie sia al movimento oscillante delle farfalle, sia alla luce proveniente dall'alto che diffonde i vibranti colori nell'ambiente circostante, conferendo un'intensità lirica e poetica.

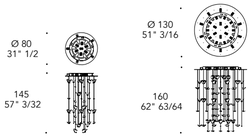

*Dreamcatcher Morpho is a "broken-down dreamcatcher" by Annalù who develops a falling composition of hundreds of butterflies in hand-painted glass, each of different sizes.*
*This work creates a strong dynamism thanks to both the oscillating movement of butterflies, both in the light coming from above that spreads the vibrant colors in the surrounding environment, giving a lyrical and poetic intensity.*
